About this Guide

This Jam, Jelly and Ketchup Processing Technician is designed to enable training for the specific Qualification Pack (QP). Each National Occupational (NOS) is covered across Unit/s.

Key Learning Objectives for the specific NOS mark the beginning of the Unit/s for that NOS. The symbols used in this book are described below.

This reference book has been developed for use by participants of the skill development course for a Jam, Jelly and Ketchup Processing Technician being implemented by FICSI through its affiliated training service providers. The contents of this book are completely aligned to the Qualification Pack for the role of a Jam, Jelly and Ketchup Processing Technician NSQF level 4 and has been divided into Units corresponding to each NOS (national Occupational Standard). The contents of the book have been developed by NIFTEM (National Institute of Food Technology, Entrepreneurship and management, Kundli with support of MOFPI, Government of India).

A Jam, Jelly and Ketchup Processing Technician is responsible for processing fruits and vegetables to make jam, jelly and ketchup by receiving, checking raw material quality, sorting, pulping, pasteurizing, cooking, juice extracting, clarifying, filtering, sampling for quality analysis, cooling, packaging and storing.

1. Introduction

Unit 1.1 - Ice Breaker
Unit 1.2 - Overview of the Food Processing Industry
Unit 1.3 - Fruit and Vegetable Processing
Unit 1.4 - Overview of Jam Jelly and Ketchup
Unit 1.5 - Jam Jelly and Ketchup Processing Processes
At the end of this module, you will be able to:

- Build rapport with fellow participants of the program
- Discuss emerging trends in the food processing industry in India
- Describe the processing of fruits and vegetables
- Define jam, jelly and ketchup
- Describe the processing processes for jam, jelly and ketchup.

Key Learning Outcomes

Unit 1.1: Ice Breaker

Unit Objectives

At the end of the session, the participants will be able to:

- Introduce each other and build rapport with fellow participants and the trainer

Methodology

1. Conduct a group activity
Unit 1.1: Ice Breaker

Unit Objectives

At the end of the session, the participants will be able to:

- Introduce each other and build rapport with fellow participants and the trainer

Resources to be Used

- Blank cards
- Pens

Methodology

1. Conduct a group activity

Group Activity

Brief

- Tell the participants that you will now be conducting an activity in order to familiarize one another.
- This activity is necessary since the participants will be working together during the training programme. It is important to build a good rapport in order to gain the most from the training.
- This activity also becomes important since the participants may have come from different regions or from varied backgrounds. Through this activity, the participants can find things that are common between them.

Activity Description

- Divide the class into groups of 4-5 participants or less depending on the total number of participants.
- Distribute the blank cards and pens to every participant in the group.
- Give the groups enough time (about 5 minutes) to write his or her first name on one side of the card in big and bold letters.
- On the other side of the card, ask them to write 2 words or phrases about them that can be used as conversation starters. For example: classical singer, Patna resident, swimmer, etc.
- Now ask the participants to introduce themselves to their group members using the name card and converse with them about the two things on the card.
- Give the groups sufficient time (10-15 minutes) to meet every member of their group and know their names.
- Once this activity is over, ask each participant to mingle around with other groups and repeat the same activity.
- Every few minutes, tell the participants to move to other groups in order to encourage everyone to meet as many people as possible.
Unit Objectives

At the end of the session, the participants will be able to:

• List the various sectors of food processing industry
• Define food processing

Debrief

• Ask the participants to reassemble with their original group and have each participant introduce themselves to the entire class.
• As each individual is introducing himself or herself, ask the other participants if they would like to add any other detail that was shared earlier.
• Ensure that the person speaking is not disturbed in this process.

Notes for facilitation

Discuss

1. Was this activity helpful in getting to know some of your fellow participants?
2. What was some of the most interesting things discovered during the conversation?
Unit 1.2: Overview of the Food Processing Industry

Unit Objectives
At the end of the session, the participants will be able to:

- List the various sectors of food processing industry
- Define food processing

Resources to be Used
- Participant Handbook

Methodology
1. Start the class by asking a few questions on processed foods like:
   a. Have you picked up any kind of processed foods from the market?
   b. What are the readymade food products you have used?
2. Explain what is food processing and give an overview of the food processing industry in India.
3. Talk about the different sub-sectors within the food processing industry.
4. Conduct a group activity to introduce the participants to the products developed within various sub-sectors.
5. Initiate a discussion and explain how harvested produce reaches the consumer.
6. Discuss about the various types of distribution in the local market and export market.
7. Discuss about the laws and regulations that govern the food industry.
Group Activity

Brief
• Each group must come up with a list of products developed by each and every sub-sector in the food processing industry.

Activity Description
• Divide the class into groups of 4-5 participants.
• Assign a sub-sector to each group.
• Give the groups enough time to discuss the processed foods developed within the sub-sector allotted to them. Also, ask them to list the names of popular brands for that produce.
• Now ask the groups to select one person from themselves who would write down the list of products on the board.
• When that participant comes to the board, other group members tell him the list of products that they have thought of.

Debrief
• Summarize the list of processed foods and the sub-sectors.
• Add more products to the list with local examples.
Unit 1.3: Fruit and Vegetable Processing

Unit Objectives
At the end of the session, the participants will be able to:
• State the need for fruit and vegetable processing
• State the common methods of fruit and vegetable processing

Resources to be Used
• Participant Handbook

Methodology
1. Start the session by asking a question to the class: Why do you think there is a need for processing fruits and vegetables?
2. List down the responses on the board.
3. Explain each need listed in detail with examples.
4. Recall the list of products for fruit and vegetable processing sub-sector from the previous session.
5. Explain the different methods of food processing, viz. drying, concentration, heating, fermentation, sterilization, pasteurization, blanching, canning, etc.
6. Initiate a discussion and let the class come out with a list of products or examples for each method of food processing.
Unit 1.4: Overview of Jam, Jelly and Ketchup

Unit Objectives
At the end of the session, the participants will be able to:

- Define jam, jelly and ketchup
- List the differences between jelly and jam

Resources to be Used
- Participant Handbook

Methodology
1. Begin the class by recalling the session on food processing methods.
2. Begin a discussion by asking a few questions on processed drinks like:
   a. Have you picked up any fruit product from the market?
   b. From where do you get your pack of milk on a daily basis? Is it processed?
3. Explain the need to make fruit preserves.
4. Bring the class to notice various methods of food preserves.
5. Explain fruit jams, jellies, ketchups and its types
6. Discuss the shift in producing jams, jellies and ketchups from manufacturing it at home to producing it in large, industrial units.
7. Discuss the growth of jams, jellies and ketchups usage over the recent years.
8. Talk about some of the leading brands producing jams, jellies and ketchups.
9. Talk about today’s export market for jams, jellies and ketchups.
Unit 1.5: Jam, Jelly and Ketchup Processing Processes

Unit Objectives
At the end of the session, the participants will be able to:
- Describe the processing processes for jam, jelly and ketchup

Resources to be Used
- Participant Handbook

Methodology
1. Recall the previous session on pulping. Use that session to initiate a discussion on the process of pulping.
2. Discuss about the extraction of fruit and vegetable pulp/ juice with examples.
3. Explain important terms like TSS, refractometer, pH, etc.
4. Describe the processing of jams, jellies and ketchup. Illustrate with the help of diagrams.
5. Conduct a quiz in the class using the following method:
   a. State any of the processes in detail
   b. Ask the participants to identify the name of process
2. Preparation and maintenance of work area and process machineries

Unit 2.1 - Roles and Responsibilities of Jam Jelly and Ketchup Processing Technician
Unit 2.2 - Workplace Ethics
Unit 2.3 - Sanitation and Hygiene
Unit 2.4 - Equipment used in Jam Jelly and Ketchup Processing (Theory)
Unit 2.5 - Cleaning and Maintenance
Unit 2.6 - Cleaning Process
Unit 2.7 - Equipment used in Jam Jelly and Ketchup Processing (Practical)
Unit 2.8 - Prepare and Maintain Work Area
Unit 2.9 - Prepare and Maintain Process Machineries and Tools
At the end of this module, you will be able to:

- Explain roles and responsibilities of Jam, Jelly and Ketchup Processing Technician
- Understand workplace ethics
- Explain various methods of sanitation and hygiene
- List equipment used in Jam, Jelly and Ketchup Processing (Theory)
- Explain various materials and equipment used for cleaning and maintenance
- Understand types of cleaning process
- Demonstrate use of different equipment used in Jam, Jelly and Ketchup Processing (Practical)
- Demonstrate preparing and maintaining of work area
- Demonstrate preparing and maintaining process machineries and tools
Unit 2.1: Roles and Responsibilities of Jam, Jelly and Ketchup Processing Technician

Unit Objectives
At the end of the session, the participants will be able to:
- State the roles and responsibilities of a jam, jelly and ketchup processing technician

Resources to be Used
- Participant Handbook

Methodology
1. Start the class by recalling the process of jam, jelly and ketchup processing.
2. Conduct a group activity in the class.

Group Activity

Brief
- Each group must come up with a list of roles and responsibilities of a jam, jelly and ketchup processing technician

Activity Description
- Divide the class into groups of 4-5 participants.
- Begin a discussion by asking questions like, "Now that you know the outline of the jam, jelly and ketchup processing." 
  1. Can you tell what activities a jam, jelly and ketchup processing technician must perform in a day?
  2. How does the technician begin the day?
  3. What could be the end-of-day activities?
- Make one group to jot down the different roles that a jam, jelly and ketchup-processing technician has to perform in a day.
- Ask the other group to list down the responsibilities that have to be fulfilled to perform that role.
- Now ask each of the groups to select one person from themselves who would present the list of roles and responsibilities respectively.

Debrief
- Create a table on the board with the inputs taken from the class. Complete the table with roles and responsibilities, if any of them are missed out.
- Summarize the activity by asking the class questions like
  a. What did we do in the activity?
  b. How did we do this activity?
- What did we learn from this activity?
Unit 2.2: Workplace Ethics

Unit Objectives
At the end of the session, the participants will be able to:

• State how to conduct yourself at the workplace

Resources to be Used
• Participant Handbook

Methodology
1. Start the session by describing an everyday-situation in a processing unit. Ask questions on how participants would respond to that situation.
   For example, you could say, “In the middle of the day at processing unit, your colleague has to leave home due to an emergency. Your supervisor comes and tells you that there is an urgent order. He asks you to work in that colleague's place and finish the task. How will you respond to such a situation?”
   Get responses from the class. After this, tell the class what is expected out of them in such a situation.

2. Explain the importance of following workplace ethics.

3. Explain each of the 'Workplace Ethics' mentioned in Participant Handbook by discussing situations (like the above example) and getting responses from participants.
Unit Objectives
At the end of the session, the participants will be able to:

- State the personal hygiene and sanitation guidelines
- State the food safety hygiene standards to follow in a work environment

Resources to be Used
- Participant Handbook
- PPE for demonstration

Methodology
1. Start the session by asking questions like,
   a. Would we like to eat foods prepared in an unclean area?
   b. If we find someone preparing food with dirty hands, would we like to eat it?
2. Discuss the importance of cleanliness and sanitation in the food processing industry.
3. Explain the high standards of sanitation and hygiene that have to be followed in a processing unit, as per Food Safety Norms.
4. Initiate a discussion within the class asking about the hygiene practices that have to be followed on a day-to-day basis. For example, washing hands, dusting shoes/footwear, wearing aprons, etc.
5. Get inputs from the class. Add some more hygiene practices of your own.
6. Arrange for Personal Protective Equipment (PPE) and show participants how to use them.
7. Ask someone from the participants to volunteer for a demonstration.
8. Ask the volunteer to demonstrate the entire process of hygiene maintenance.
Unit 2.4: Equipment Used in Jam, Jelly and Ketchup Processing

Unit Objectives
At the end of the session, the participants will be able to:
- Identify the different equipment, tools and machineries used for processing jam, jelly and ketchup

Resources to be Used
- Participant Handbook
- Materials for demonstration

Methodology
1. Begin the class by recalling the drying/dehydration process. Ask the class if they know what equipment could be used for processing jam, jelly and ketchup of fruits and vegetables.
2. Gathering responses from the class make a list of tools and equipment used in the drying/dehydration process on the whiteboard.
3. Describe each tool and equipment and demonstrate their uses. While demonstrating the use of tools, ensure that you show the best practices.
4. Call out a few participants and let them demonstrate the use of the tools.
5. Summarise the session by listing out the dos and don'ts of using tools and equipment.
6. Instruct the class about the safety measures that must be followed while handling equipment.
Unit 2.5: Cleaning and Maintenance

**Unit Objectives**

At the end of the session, the participants will be able to:

- State the materials and equipment used in cleaning and maintenance of the work area and machineries

**Resources to be Used**

- Participant Handbook

**Methodology**

1. Initiate a discussion in the class by asking questions like "Why do you think is it necessary to clean the work area?"
2. "How can we clean the entire work area?"
3. Get responses from the participants.
4. Drawing from their responses, explain how the work area can be divided into food-contact surfaces and non-food conduct surfaces.
5. Conduct a group activity to let participants respond about the various food contact and non-food contact surfaces.
6. Discuss the common types of cleaning agents used in the industry.
7. Using the list of food-contact and non-food contact surfaces (from the group activity), discuss the various equipment, chemicals and sanitizers used for cleaning the surfaces.
8. Discuss in detail about the cleaning schedules.
9. Explain in detail why these cleaning agents are used. Talk about the possible risks that may arise due to wrong handling and the safety measure that must be followed while using them.
10. Arrange for samples of cleaning agents to show to the class.
11. Arrange for few cleaning tools like cleaning knives, brushes and scrubbers for a demonstration.
Group Activity

Brief

• Each group must come up with the food contact and non-food contact surfaces in a food processing unit.

Activity Description

• Divide the class into groups of two.
• One of the groups has to come up with the food-contact surfaces in the work area. (You could give a hint like utensils)
• The other group has to come up with the non-food contact surfaces in the work area. (You could give a hint like walls)
• Give them enough time to come up with a list.
• Ask the groups to choose one representative to come to the board and present the list.

Debrief

• Summarize the activity by asking the class questions like
  a. What did we do in this activity?
  b. What did we learn from this activity?
Unit 2.6: Cleaning Processes

Unit Objectives
At the end of the session, the participants will be able to:

• State the cleaning processes used to clean the work area

Resources to be Used
• Participant Handbook

Methodology
1. Take the example of "hypochlorites" discussed in the earlier session.
2. Tell the class how such sanitizers' usage occurs in the processing machines for cleaning
3. Explain in brief how industrial machineries are cleaned.
4. With this instance, explain the CIP method of cleaning and maintenance.
5. Explain the process with a day-to-day example like a household washing tank.
6. Give tips to conduct an effective CIP process like using the right sanitizing solution.
7. Explain the process of COP with examples.
8. Explain the SIP method with examples.
9. Conduct a quiz in the class.
   a. Name some of the food handling areas in the processing unit.
   b. Ask participants which tools /equipment could be found there.
   c. Ask participants which cleaning method could be used for that equipment.
Unit 2.7: Equipment Used in Jam, Jelly and Ketchup Processing

Unit Objectives
At the end of the session, the participants will be able to:
- Demonstrate the tools and machineries used for jam, jelly and ketchup processing

Resources to be Used
- Materials required for the practical

Methodology
1. Conduct a practical for using tools and equipment.
2. Divide the class into groups of 4-5 participants.
3. Bring some of the tools and equipment to the class.
4. Assign few tools and equipment to each group.
5. The groups will discuss and
   a) Identify the tool/equipment
   b) The use of the tool/equipment,
   c) how to clean the tool/equipment,
   d) Demonstrate how to use the tool,
   e) Explain the safety precautions to follow while using the tool/equipment.
6. Ensure participants wear the PPE whenever necessary.
Unit 2.8: Prepare and Maintain Work Area

Unit Objectives
At the end of the session, the participants will be able to:
- Identify the appropriate method for cleaning and maintaining the work area
- Ensure the work area is safe and hygienic for food processing

Resources to be Used
- Materials required for the practical
Methodology

1. Start the session by recalling the sanitation practices, cleaning equipment and the standards of operating procedures that have been discussed earlier.

2. Explain the process of cleaning the work area before production.

3. Give a step-by-step guide for cleaning the work area like arrange tools, pans and utensils at the designated area, clean the work area, mop the work area, etc.

4. Demonstrate the actual method of cleaning the work area.

5. Show the participants how to do the dry cleaning of the production area and how to mop the production area.

6. Discuss the methods by which participants can ensure that the work area is pest free. (e.g. fly catchers, fly proofing doors and windows, rat traps)

7. Explain how waste material has to be disposed.

8. Explain concepts like
   a. Effluent treatment plant
   b. Solid waste treatment plant
   c. Organic composting

9. Ask the participants to clean the area following the demonstration made by you.

10. Provide participants with sanitizing detergents clean the floor.
Unit Objectives

At the end of the session, the participants will be able to:

- Identify and set the machines and tools required for production in working condition
- Ensure smooth working of all process machineries used for production

Resources to be Used

- Materials required for the practical

Methodology

1. Start the session by recalling the equipment used in the production process.
2. Explain the process of cleaning and preparing equipment before production.
3. Demonstrate the process of preparing machineries for production.
4. Show how to check minor repairs and faults in the machinery.
5. Demonstrate how to oil and grease process machineries.
6. Demonstrate how to set controls for the process.
7. Ask the participants to clean machineries/ tools.
8. Ask participants to oil and grease machines.
9. Ensure that participants follow standard practices.
3. Food Microbiology

Unit 3.1 - Introduction to Food Microbiology
Unit 3.2 - Food Spoilage
Unit 3.3 - Food Preservation
At the end of the session, the participants will be able to:
• State the types of food microbes

At the end of this module, you will be able to:
· Understand basic principle of food microbiology
· Explain food spoilage
· Explain basic principle and methods of food preservation
Unit 3.1: Introduction to Food Microbiology

Unit Objectives

At the end of the session, the participants will be able to:

• State the types of food microbes

Resources to be Used

• Participant Handbook

Methodology

1. Begin the class with two case studies.
   Case Study 1:-
   "I went to the market to buy sweets. I ate them and I fell sick. I went to the doctor. He told me that I am suffering from food poisoning. What could have happened?"

2. Wait for responses from the class. You could get responses like "The food must have been spoiled."

3. Discuss the next case study.
   "If we have to make paneer, we add a few drops of lemon juice to milk and curdle the milk. How come we eat some food (paneer, in this example) made from spoiled milk?"

5. Initiate a discussion in the class asking the participants the difference between the two cases.

6. Explain how microorganisms spoil some foods.

7. Explain how some microorganisms help to produce certain foods.

8. Explain the different types of food microbes.
Unit 3.2: Food Spoilage

Unit Objectives
At the end of the session, the participants will be able to:

• State the causes for food spoilage
• State the process for food spoilage
• State the criteria to check food spoilage

Resources to be Used
• Participant Handbook

Methodology
1. Start the session by recalling the discussion on food microbes.
2. Ask the class why there is a need for food preservation. Wait for responses.
3. Explain food preservation in detail with examples. Ask the participants if they know some methods of preservation. Add some more methods of preservation and explain them. Summarise the session by conducting a quiz on methods of preservation.

Unit 3.3: Food Preservation

Resources to be Used
• Participant Handbook

Methodology
1. Start the session by recalling the discussion on food microbes.
2. Ask the class how bread gets spoiled. You could get responses like, "If the bread is moist, it will get spoilt".
3. Ask the class what happens when food spoilage takes place. Wait for responses.
4. Explain the class the different types of food contaminants (e.g. microbial, physical, chemical, biological).
5. Explain how food spoilage takes place.
6. Initiate a discussion asking questions like, "Don't you think some foods spoil earlier than others? Can you name such foods?"
7. Wait for responses.
8. Explain the classification of foods based on spoilage.
9. Ask the class if there are some methods to check food spoilage. You could get responses like "from the odour of the food".
10. Explain criteria for checking food spoilage viz., odour, colour, texture, flavour, shape.
11. Arrange for a spoiled fruit/vegetable and a fresh fruit/vegetable.
12. Ask the class to apply the knowledge gained so far to check the fruit/vegetable for spoilage and whether it can be taken for processing.
Unit 3.3: Food Preservation

Unit Objectives
At the end of the session, the participants will be able to:
• State the need for food preservation;
• State the different types of food preservation processes.

Resources to be Used
• Participant Handbook

Methodology
1. Start the class by recalling the discussion on food spoilage.
2. Ask the class why there is a need for food preservation.
4. Explain food preservation in detail with examples.
5. Ask the participants if they know some methods of preservation.
6. Add some more methods of preservation and explain them.
7. Summarise the session by conducting a quiz on methods of preservation.

At the end of the session, the participants will be able to:

- Use basic mathematics for various calculations in day-to-day processes

**Unit 4.1: Basic Mathematics**

**Methodology**

1. Start the session by asking the class the importance of measuring raw materials to prepare pulp.
2. Explain the concepts of:
   - Relative humidity
   - Brix to Acid ratio
   - pH
3. Explain the calculation of a yield of a particular food product with an example.
4. Explain the various formulae to calculate ingredient quantity used in the baking industry.
5. Explain to the class how to measure dry ingredients.
6. Assign an exercise to the class to prepare formulation or scale ingredients for a particular bakery product.

**Resources to be Used**

- Participant Handbook
- Facilitator Guide

**Key Learning Outcomes**

At the end of this module, you will be able to:

- Understand Basic Mathematics of jam, jelly and ketchup processing
- Explain Production Planning Process
- Demonstrate selection of Raw Material
- Demonstrate handling raw material
- Plan Production Sequence
- Explain production Process
- Demonstrate pre pulping process
- Explain procedures involved in juice/pulp extraction
- Demonstrate fruit and vegetable pulping
- Demonstrate extraction of juice
- Explain enzyme activity
- Demonstrate preparation of jam and jelly
- Explain pasteurization of fruit and vegetable juice/pulp
- Explain sterilization of fruit and vegetable juice/pulp
- Demonstrate ketchup preparation
- Demonstrate quality analysis of Jam, Jelly and Ketchup
- Explain packing and packaging
- Demonstrate aseptic packaging
- Demonstrate packaging Process
- Explain storage procedures
- State methods of waste management
- Demonstrate post production cleaning and maintenance
Unit 4.1: Basic Mathematics

Unit Objectives

At the end of the session, the participants will be able to:

• Use basic mathematics for various calculations in day-to-day processes

Resources to be Used

• Participant Handbook

Methodology

1. Start the session by asking the class the importance of measuring raw materials to prepare pulp.
2. Explain the concepts of:
   a. Relative humidity
   b. Brix to Acid ratio
   c. pH to the class
3. Explain the calculation of a yield of a particular food product with an example.
4. Explain the various formulae to calculate ingredient quantity used in the baking industry.
5. Explain to the class how to measure dry ingredients.
6. Assign an exercise to the class to prepare formulation or scale ingredients for a particular bakery product.
Unit 4.2: Production Planning Process

**Unit Objectives**

At the end of the session, the participants will be able to:

- Plan the production schedule as per organizational standards and instructions
- Support in planning production sequence
- Plan and organize for raw materials, packaging materials, manpower, equipment, and machineries for the scheduled production

**Resources to be Used**

- Participant Handbook

**Methodology**

1. Begin the class by recalling the session on mathematics.
2. Conduct a group activity – I in class detailed below.
3. Explain to the class how planning is an important part of our daily activities.
4. Focus on the group activity - II after the first one
5. Now ask the class how the production plan could be created for an industrial unit that prepares fruit pulp.
6. Ask the class what are the three most important elements of production i.e. raw material, machinery, and manpower
7. Explain to the class how the production plan has to be created.
8. Conduct a group activity on creating a production plan.

**Group Activity**

**Group Activity - I**

**Brief**

- Tell the participants that this activity will help them understand how to come up with a production plan.

**Activity Description**

- Divide the class into two groups.
- Assign a process to each group.
  a. The process for group 'A' could be cooking a meal.
  b. The process for group 'B' could be preparing fruit pulp at home.
1. Begin the class by recalling the session on mathematics.

2. Conduct a group activity as detailed below.

3. Explain to the class how planning is an important part of our daily activities.

4. Focus on the group activity II after the first one.

5. Now ask the class how the production plan could be created for an industrial unit that prepares fruit pulp.

6. Ask the class what are the three most important elements of production, i.e., raw material, machinery, and manpower.

7. Explain to the class how the production plan has to be created.

8. Conduct a group activity on creating a production plan.

**Unit 4.2: Production Planning Process**

**Resources to be Used**
- Participant Handbook

**Group Activity**

**Group Activity - I**

**Brief**
- Tell the participants that this activity will help them understand how to come up with a production plan.

**Activity Description**
- Divide the class into two groups.
- Assign a process to each group.
  - The process for group 'A' could be cooking a meal.
  - The process for group 'B' could be preparing fruit pulp at home.
- Now ask the groups to create a plan for each of the processes.
- Provide hints to the class like planning for cooking a meal begins by choosing a dish and selecting vegetables.
- Ask the groups to jot down a step-by-step plan for the process.
- Give the participants 15 minutes to come up with a plan.
- Once the time is up, ask one volunteer from each group to present their findings.
- Provide your input wherever necessary

**Debrief**
- Summarize the key concepts learned in this session.

**Group Activity - II**

**Brief**
- Tell the participants that this activity will help them understand how to create a production plan for pulping fruits.

**Activity Description**
- Divide the class into groups of 4-5.
- Ask each of the groups to create a production plan to produce pulps from different fruits in different quantities. Assign the fruit and quantity to the participants.
- Give them 10-15 minutes to come up with a plan.
- Ask a volunteer from each group to present their plan

**Debrief**
- Summarize the activities by discussing the factors to consider when creating a production plan.
Unit 4.3: Selection of Raw Material

Unit Objectives
At the end of the session, the participants will be able to:

- Identify the raw materials required for production as per production schedule and formation
- Organize quality raw material as per production process and company standards
- State the methods for storing raw materials for later use

Resources to be Used
- Participant Handbook
- Samples of fruits and vegetables

Methodology
1. Begin the class by discussing the importance of selecting quality raw material for production.
2. Explain some of the parameters that have to be followed when selecting raw materials.
3. Talk about the procedures that are followed to store excess raw material.
4. Bring a few fruits and vegetables to the class.
5. Demonstrate the method of selecting quality raw materials.
6. Divide the class into groups and ask them to identify quality raw material from the samples brought to class.
Unit Objectives

At the end of the session, the participants will be able to:

• Identify the raw materials required for production as per production schedule and formation
• Organize quality raw material as per production process and company standards
• State the methods for storing raw materials for later use

Resources to be Used

• Participant Handbook

Methodology

1. Begin the session by recalling the discussion on raw material procurement.
2. Explain the processes the raw materials undergo before they are taken for fruit pulp. E.g.: 1) Quality check 2) Sorting and grading 3) Cleaning and washing
3. Demonstrate the process by which raw materials are checked for quality.
4. Demonstrate the process by which raw materials are sorted and graded e.g. 20+, 50+, 100+, 400+.
5. Show the class how to clean and wash vegetables.
6. Demonstrate the process of cutting, peeling, and slicing vegetables/fruits as per requirement.
7. Conduct a small activity. Divide the class into groups of 4-5.
8. Assign each group a task. E.g. 1) Group A maybe asked to check the raw material for quality standards 2) Group B maybe asked to sort and grade the raw material 3) Group C maybe asked to show how to peel the raw material
9. Summarize the key points learned in the session.
10. Close the session by asking if the quantity of raw material will remain the same after cutting as it was during procurement. Explain to the class why it will differ.
Unit 4.5: Plan Production Sequence

Unit Objectives

At the end of the session, the participants will be able to:

- Plan the production sequence to maximise capacity utilization of resources, manpower, and machineries;
- Calculate the batch size based on the production schedule and machine capacity
- Prioritize urgent orders based on the production schedule
- Check the conformance of raw material quality to company standards

Resources to be Used

- Materials required for the practical

Methodology

1. Start the session by recalling the session on pre-production planning.
2. Take up a case study for a production order.
3. Explain to the class how to plan the production sequence by
   a. Calculating batch size
   b. Prioritizing urgent orders
   c. Identifying machineries required
   d. Calculating raw material
   e. Calculating manpower availability
   f. Documenting the processes.
4. Prepare a dummy production schedule
5. Divide the class into groups of 4-5 participants.
6. Assign one production plan to each of the groups.
7. Give them time to discuss and create a production plan.
8. Ask groups to select one volunteer to present the prepared production plan.
9. Ask participants to implement the prepared production sequence.
10. Ensure that participants complete the activity as per industry standards.
Unit 4.6: Production Process

Unit Objectives
At the end of the session, the participants will be able to:

• Explain the processing of jam
• Explain the processing of jelly
• Explain the processing of ketchup

Resources to be Used
• Participant Handbook

Methodology
1. Start the session by recalling the overview of the drying/dehydration process.
2. Explain the processing processes in detail of:
   a. Jam;
   b. Jelly;
   c. Ketchup
3. Ask a representative to come and draw process charts on the board.
4. Fill in the gaps in the charts if any.
5. Conduct a quiz to summarize the session by using the process chart. Point to a stage in the chart and ask one participant at a time to explain that stage.
Unit 4.7: Pre-Pulping Processes

Unit Objectives
At the end of the session, the participants will be able to:
• Demonstrate the process of ripening, sorting, and deseeding fruit

Resources to be Used
• Materials required for the practical

Methodology
1. Conduct a practical for fruit ripening, sorting, and deseeding.
2. Divide the class into groups of 4-5 participants.
3. Bring some of the tools and equipment to the class.
4. Assign few tools and equipment to each group.
5. The groups will discuss and
   a) Identify the tool/equipment
   b) Use of the tool/equipment for each process
   c) How to clean the tool/equipment,
   d) Demonstrate how to perform ripening, sorting, and deseeding of fruit
   e) Explain the safety precautions to follow while doing the practical
6. Ensure participants wear the PPE whenever necessary.
7. Provide inputs wherever necessary
Unit 4.8: Procedures Involved in Juice/ Pulp Extraction

Unit Objectives
At the end of the session, the participants will be able to:

• State the procedures used to extract the fruit and vegetable juice/pulp

Resources to be Used
• Participant Handbook
• Materials required of fruit

Methodology
1. Begin the class with example of mango and guava beverages
   Example 1: Decanted and un-decanted product by picture and samples
   Difference between local mango fruit beverage and beverage made from pulp of commercial mango pulping industry where one can find numerous black and brown specks in the beverage
   Example 2: Guava beverage contains grits
   Example 3: Rotten fruit when crushed gets dissolved in the intermittent product thus changing the end product quality
2. Explain decanting and its purpose.
3. Explain the difference between decanted and un-decanted fruit
4. State what is de-aeration and its purpose
5. Explain the concentration process and its purpose.
Unit 4.9: Fruit and Vegetable Pulping

Unit Objectives
At the end of the session, the participants will be able to:
- Demonstrate the process of fruit and vegetable pulping

Resources to be Used
- Materials required for the practical

Methodology
1. Explain the fruit pulping process
2. Ask the class to then demonstrate the fruit pulp extraction process
3. Divide the class into groups and distribute the required tools and equipment in class.
4. The groups will discuss and
   a) Identify the tool/equipment
   b) Use of the tool/equipment for each process
   c) How to clean the tool/equipment
   d) Explain the safety precautions to follow while doing the practical
5. Ensure participants wear the PPE whenever necessary.
6. Provide your inputs wherever necessary
Unit 4.10: Extraction of Juice

Unit Objectives
At the end of the session, the participants will be able to:
• Demonstrate the process to extract juice

Resources to be Used
• Materials required for the practical

Methodology
1. Explain the fruit juice extraction process
2. Ask the class to then demonstrate the fruit pulp extraction process
3. Divide the class into groups and distribute the required tools and equipment in class.
4. The groups will discuss and
   a) Identify the tool/equipment
   b) Use of the tool/equipment for each process
   c) How to clean the tool/equipment
   d) Explain the safety precautions to follow while doing the practical
5. Ensure participants wear the PPE whenever necessary.
6. Provide your inputs wherever necessary
Unit 4.11: Enzyme Activity

Unit Objectives

At the end of the session, the participants will be able to:

- Describe enzyme activity in fruit processing
- Describe pectin's role

Resources to be Used

- Participant Handbook

Methodology

1. Explain what is an enzyme.
2. Explain the role of enzyme in day-to-day activity.
3. Discuss the importance of enzyme in fruit processing.
Unit 4.12: Preparation of Jam and Jelly

Unit Objectives
At the end of the session, the participants will be able to:
• Demonstrate the process to prepare jam
• Demonstrate the process to prepare jelly

Resources to be Used
• Participant Handbook
• Materials required for the practical

Methodology
1. Begin the session by recalling the process of jam and jelly.
2. Demonstrate the process of preparing jam.
3. Demonstrate the process of preparing jelly.
4. Assign the practical to hot air drying fruits and vegetables.
5. Discuss the various control points to take care of while following the process.
At the end of the session, the participants will be able to:

• Describe pasteurization process for fruit processing industry;

Methodology

1. Begin the class with recalling food microbiology session on food preservation
2. Use that to explain pasteurization as a method for food preservation
3. Explain the purpose for pasteurization of food products
4. State the different methods of pasteurization
5. Ask the class to name few food products that are pasteurized in daily usage viz. tetra packs of fruit juice, can of fruit pulp, etc.

Resources to be Used

• Participant Handbook
At the end of the session, the participants will be able to:

- Describe sterilization process for fruit processing industry;
- State the methods of sterilizing fruit juice.

Resources to be Used

- Participant Handbook

Methodology

1. Begin the class with recalling food microbiology session on food preservation
2. Use that to explain sterilization as a method for food preservation
3. Explain the purpose for sterilization of food products
4. State the two different methods of sterilization
5. Ask the class to name few food products that are sterilized in daily usage viz. tetra packs of fruit juice, can of fruit pulp, etc.
Unit 4.15: Ketchup Preparation

Unit Objectives
At the end of the session, the participants will be able to:
• Demonstrate the process of ketchup preparation

Resources to be Used
• Participant Handbook
• Materials required for the practical

Methodology
1. Begin the session by recalling the process of jam and jelly.
2. Demonstrate the process of preparing jam.
3. Demonstrate the process of preparing jelly.
4. Assign the practical to hot air drying fruits and vegetables.
5. Discuss the various control points to take care of while following the process.

Unit 4.16: Quality Analysis

Methodology
1. Begin the class with an example of fruit pulps like mango pulp, guava pulp, tomato pulp, etc. and giving its specification.
2. Explain what is quality control and its purpose.
3. Ask the class if they can name few specifications for quality control.
4. Discuss about various faults in jellies and its remedies.
5. Summarize the class with the specifications involved for quality control of pulp, juice, jam, jelly, and ketchup.
Unit 4.16: Quality Analysis

Unit Objectives

At the end of the session, the participants will be able to:

- State the quality control of a product
- List the quality parameters of fruit pulp, juice, jam and jelly an ketchup
- List the various faults in jellies
- List the corrective measures for the faults in jellies

Resources to be Used

- Participant Handbook

Methodology

1. Begin the class with an example of fruit pulps like mango pulp, guava pulp, tomato pulp, etc. and giving its specification.
2. Explain what is quality control and the its purpose.
3. Ask the class if they can name few specifications for quality control
4. Discuss about various faults in jellies and its remedies.
5. Summarize the class with the specifications involved for quality control of pulp, juice, jam, jelly, and ketchup
Unit 4.17: Packing and Packaging

Unit Objectives
At the end of the session, the participants will be able to:
- State the basic categories of packing
- State the various types of packaging materials used for fruit pulp
- State the factors for selecting packaging materials

Resources to be Used
- Participant Handbook

Methodology
1. Begin the class by recalling the learnings from the practical sessions on fruit pulping.
2. Ask the class how packing system works in industrial units.
3. Wait for responses
4. Use the responses to explain the concepts of packing and packaging
5. Discuss various types of packing
6. Ask the class what parameters should be considered when selecting a material for packaging (e.g. clean and non-toxic materials)
7. Write the responses on the board
8. Add any factors that may have been missed
**Unit 4.18: Quality Analysis**

**Unit Objectives**

At the end of the session, the participants will be able to:
- Explain aseptic packaging in fruit processing industry

**Resources to be Used**
- Participant Handbook
- Videos on aseptic packaging

**Methodology**

1. Begin the class by revising the previous session
2. Explain the aseptic packaging and its importance
3. List down the different packages used for aseptic packing of fruit pulp, juices, etc.
4. Summarize the class with a quiz on aseptic packaging
Unit 4.19: Quality Analysis

Unit Objectives
At the end of the session, the participants will be able to:
- Demonstrate the process of packaging jam and jelly
- Demonstrate the process of packaging ketchup

Resources to be Used
- Materials required for the practical

Methodology
1. Explain the fruit juice and squash preparation process
2. Ask the class to then demonstrate the packaging process
3. Divide the class into groups and distribute the required tools and equipment in class.
4. The groups will discuss and
   a) Identify the tool/equipment
   b) Use of the tool/equipment for each process
   c) How to clean the tool/equipment
   d) Explain the safety precautions to follow while doing the practical
5. Ensure participants wear the PPE whenever necessary.
6. Provide your inputs wherever necessary
Unit 4.20: Storage Procedures

Unit Objectives
At the end of the session, the participants will be able to:

- State the storage procedures for finished goods
- Explain the rules for stock rotation of finished goods

Resources to be Used
- Participant Handbook

Methodology
1. Begin the discussion by recalling the practical session on pulp extracting.
2. Ask the class if the stored finished products can be kept for long.
3. If they respond with a ‘yes’, ask them what methods can be used to store finished products for long.
4. Describe the FIFO and FEFO methods of stock rotation.
Unit 4.21: Waste Management

Unit Objectives

At the end of the session, the participants will be able to:
- State the method of managing waste

Resources to be Used

- Materials required for the practical

Methodology

1. Begin the class by recalling the discussion on cleanliness and sanitation of the work area.
2. Ask the class questions like, "why should the work area be cleaned after production?"
3. Explain waste management and its importance.
4. Explain disposing methods of by products.
Unit 4.22: Post – Production Cleaning and Maintenance

Unit Objectives
At the end of the session, the participants will be able to:
• Demonstrate the process of cleaning the work area and machineries after production

Resources to be Used
• Participant Handbook

Methodology
1. Begin the class by recalling the discussion on cleanliness and sanitation of the work area.
2. Ask the class questions like, "why should the work area be cleaned after production?"
3. Demonstrate the process of a post - production and cleaning and maintenance.
4. Explain to the class how to follow supplier’s instruction manual.
5. Explain concepts like Annual Maintenance Contract (AMC) and how to coordinate with concerned personnel.
6. Assign the practical of post- production cleaning and maintenance.
5. Documentation and Record Keeping

Unit 5.1 - Documentation
Unit 5.2 - Record Keeping
Key Learning Outcomes

At the end of this module, you will be able to:

- Explain the need and process of documentation
- Explain the need and process of record keeping
Unit 5.1: Documentation

Unit Objectives
At the end of the session, the participants will be able to:
• State the need for documenting and maintaining records of raw materials, process, and finished products.

Resources to be Used
• Participant Handbook

Methodology
1. Initiate a discussion on the need for documentation.
2. Wait for responses.
3. Note the responses on the board. Add important points that may have been missed.
4. Explain the process of documentation with a case study.
Unit 5.2: Record - Keeping

Unit Objectives

At the end of the session, the participants will be able to:

- State the method of documenting and recording the details of raw materials to final finished products.

Resources to be Used

- Participant Handbook
Methodology

1. Begin the class by recalling the previous session on documentation.
2. Explain to the class the various records that are maintained in the food processing industry.
3. Discuss how a finished product can be traced back with the help of recorded details.
4. Demonstrate the method of maintaining records with the help of a case study.
6. Food Safety, Hygiene and Sanitation

Unit 6.1 - Good Manufacturing Practices
Unit 6.2 - Hazard Analysis and Critical Control Point
Unit 6.3 - Safety Practices
Key Learning Outcomes

At the end of this module, you will be able to:

- State the importance of Good Manufacturing Practices
- Explain and follow Hazard Analysis and Critical Control Point
- Follow safety practices in the work area
Unit 6.1: Good Manufacturing Practices (GMP)

Unit Objectives
At the end of the session, the participants will be able to:

- State the importance of safety, hygiene, and sanitation in food processing industry;
- Follow the industry standards to maintain a safe and hygiene workplace.

Resources to be Used
- Participant Handbook

Methodology
1. Begin the class by recalling the discussion on sanitation and hygiene.
2. Explain concepts like FSSAI and GMP to the class.
3. List down the areas of focus while discussing GMP.
4. Conduct a group activity to let the class come up with good manufacturing practices.

Group Activity

Brief
- Each group must come up with good manufacturing practices.

Activity Description
- Divide the class into 4 groups.
- Assign each group an area of focus (e.g. personnel hygiene, equipment maintenance, etc.)
- Ask each of the groups to make a list of good manufacturing practices that must be followed for the assigned area of focus.
- Give them enough time to create a list.
- Ask each of the group to select a volunteer to present the list.

Debrief
- Summarize the activities by discussing the good manufacturing practices listed during the activity.
- Add points that may have been missed.
Unit 6.2: Hazard Analysis and Critical Control Point (HACCP)

Unit Objectives
At the end of the session, the participants will be able to:
• Follow HACCP principles to eliminate food safety hazards in the process and products.

Resources to be Used
• Participant Handbook

Methodology
1. Begin the class by recalling the discussion on GMP.
2. Explain the concept of HACCP and its principles with an example.
3. Conduct a group activity to let the class come up with critical control points in a manufacturing unit.

Group Activity
Brief
• Each group must come up with critical control points in a manufacturing unit.

Activity Description
• Divide the class into groups of 4-5.
• Ask the groups to make a list of critical control points in a food processing unit.
• You can also ask them to make a list of control measures to follow to avoid hazards.
• Give them enough time to create a list.
• Ask each of the group to select a volunteer to present the list.

Debrief
• Summarize the activities by discussing the critical control points.
• Add points that may have been missed.
Unit 6.3: Safety Practices

Unit Objectives
At the end of the session, the participants will be able to:
• Follow the safety practices in the work area

Resources to be Used
• Participant Handbook
• Materials required for the demonstration

Methodology
1. Arrange for a guest lecture by a safety personnel.
2. Invite a Fire Safety Personnel to the training area to demonstrate safety practices that have to be followed in the work area.
3. Ask participants to volunteer for the demonstration.
4. Recall the use of PPE and other safety equipment.
7. Employability and Entrepreneurship Skills

Unit 7.1 - Personal Strengths & Value Systems
Unit 7.2 - Digital Literacy: A Recap
Unit 7.3 - Money Matters
Unit 7.4 - Preparing for Employment & Self Employment
Unit 7.5 - Understanding Entrepreneurship
Unit 7.6 - Preparing to be an Entrepreneur
This Facilitator’s guide includes various activities which will help you as a facilitator to make the sessions participative and interactive.

Ice Breaker

- You can begin the module with the following ice breaker:

**Five of Anything Ice Breaker Steps:**

- Divide the participants into groups of four or five by having them number off. (You do this because people generally begin a meeting by sitting with the people they already know best.)
- Tell the newly formed groups that their assignment is to share their five favourite movies of all time, their five favourite novels or their five least liked films. The topic can be five of anything - most liked or disliked.
- This ice breaker helps the group explore shared interests more broadly and sparks lots of discussion about why each person likes or dislikes their selected five.
- Tell the groups that one person must take notes and be ready to share the highlights of their group discussion with the class upon completion of the assignment.

Expectation Mapping

1. During the first session and after ice breaker session, ask the participants to answer the following question: "What do I expect to learn from this training?"
2. Have one of the participants write their contributions on a flip chart sheet.
3. Write down your own list of covered material in the training on another flip chart sheet.
4. Compare the two sheets, commenting on what will and what will not be covered during the training.
5. Set some ground rules for the training sessions. Ask the participants to put these rules on a flip chart and display it in the class.
6. You may get back to those sheets once again at the end of the last session of the training.
7. Benefits of doing this activity:
   - Participants feel better as their opinions are heard.
   - Participants get to know what they should expect from the training.
   - The facilitator gets to know which points to emphasize, which to leave out, and which to add during the training.
8. Expectations from the participants:
   - Must sign the attendance sheet when they arrive for class.
   - Conduct themselves in a positive manner
   - Be punctual, attentive, and participative
9. Explain the contents that are going to get covered one by one and connect it with the expectation mapping done earlier.
10. By the end of this exercise, the participants should have a clear understanding of what to expect from the session and what are the areas that will not get covered.

Defining Objectives

1. Defining the objectives in the beginning of the units sets the mood for the unit.
2. To begin with the end in mind sets the expectations of the participants as what could be the important takeaways from the session.
3. It is also a way of making participants take responsibility of their own learning process.
4. For the facilitator, the objectives decide a designed path to progress on so that the learning stays aligned and on track.
In order to effectively facilitate this workshop:

1. You must have thorough knowledge of the material in the Participant Handbook, and be prepared to answer questions about it.

2. You may also wish to read other material to enhance your knowledge of the subject.

3. There may be issues raised with which you are not able to deal, either because of lack of time or knowledge. You can either state that you will obtain answers and get back to the participants with the information. Incase the query can be turned to an assignment to the class, do so. You can work with the the participants on the assignment.

4. You must have a very clear understanding of what the participants want to accomplish by the end of the workshop and the means to guide the participants.

5. As the facilitator, it is your responsibility to make sure that all logistical arrangements are made for the workshop. This may involve doing it yourself or confirming that someone else has made all necessary arrangements associated with the workshop. Assume nothing and check everything before the workshop begins.

6. To break the monotony and boredom during sessions, introduce mini breaks in the form of stretching exercises, jokes, some group songs or games.

7. Invite discussion from the participants.

8. Probe the participants further and lead them to come to affirmative conclusions.

9. Let the participants answer. No answer is incorrect.

10. Ask one participant to write all the points on the whiteboard.

11. Build the sessions from the answers provided by the class.

12. Prepare for the sessions in advance so that the resources like flipcharts, handouts, blank sheets of paper, marker pens, etc. can be kept ready.

13. Ensure that resources like board, markers, duster etc. is available before your session starts.

General instructions for role playing:

1. You are not being asked to be an actor or to entertain. The purpose of the role play is to provide a situation in which you can practice certain skills.

2. When you read the brief, try to imagine yourself in the situation described and behave in a way you feel to be natural – but be conscious of the fact that your role may require a different approach from that which you might normally use.

3. You (and others) may benefit from the change in approach and behaviour. Therefore, try to use the approach you feel to be most appropriate for the circumstances described in your brief.

4. The brief is just the starting point. It simply sets the scene and the tone of session or activity. Try not to keep referring to the brief as this will affect the spontaneity of the meeting. Allow the role play to develop as you think it might in real life and change your reactions in line with the behaviour and responses of others involved.

5. If you find that you have too little information to answer questions or to describe what has happened in the situation, do feel free to add your own thoughts and ideas. Try to keep these within the framework of the role you are taking and try to make your improvisations as realistic as possible.
UNIT 7.1: Personal Strengths & Value Systems

Key Learning Outcomes

At the end of this unit, participants will be able to:

1. Explain the meaning of health
2. List common health issues
3. Discuss tips to prevent common health issues
4. Explain the meaning of hygiene
5. Discuss the purpose of Swachh Bharat Abhiyan
6. Explain the meaning of habit
7. Discuss ways to set up a safe work environment
8. Discuss critical safety habits to be followed by employees
9. Explain the importance of self-analysis
10. Discuss motivation with the help of Maslow’s Hierarchy of Needs
11. Discuss the meaning of achievement motivation
12. List the characteristics of entrepreneurs with achievement motivation

Resources to be Used
• Participant Handbook

Ask
• What do you understand by the term “Health?”
• According to you, who is a healthy person?

Say
• Discuss the meaning of health and a healthy person as given in the Participant Handbook.

Ask
• When did you visit the doctor last? Was it for you or for a family member?

Say
• Discuss the common health issues like common cold, allergies etc. Refer to the Participant Handbook.
• Let us do a small activity. I will need some volunteers.

Role Play
• Conduct a small skit with volunteers from the class. Consider one of the villagers has been appointed as a health representative of the village, what measures will you as a health representative suggest to the common villagers to prevent common health issues discussed.
• You will need at least 4 volunteers (Narrator, Health Representative, Head of the Village, Doctor).
• Explain the health concerns of the village to the Narrator. The Narrator will brief the class about the skit.
• Give the group of volunteers 5 minutes to do discuss.
• At the end of 5 minutes, ask the group to present the skit to the class assuming them as the villagers.
• The class can ask questions to the group as a common villager.

Summarize
• Through this activity we got some tips on how can we prevent these common health issues.
Say
- Let us now see how many of these health standards we follow in our daily life.

Activity
- Health Standard Checklist from the Participant Handbook.

Ask
- How many of you think that you are healthy? How many of you follow healthy habits?

Say
- Let’s do an exercise to find out how healthy you are.
- Open your Participant Handbook section ‘Health, Habits, Hygiene: What is Health?’, and read through the health standards given.
- Tick the points which you think are true for you.
- Try to be as honest as possible as this test is for your own learning.

Do
- Ensure that all the participants have opened the right page in the Participant Handbook.
- Read aloud the points for the participants and explain if required.
- Give them 5 minutes to do the exercise.
- At the end of 5 minutes, ask the participants to check how many ticks have they got.

Summarize
- Tell them that they need to follow all the tips given in this checklist regularly in order to remain healthy and fit.

Ask
Discuss:
- Is it necessary to practice personal hygiene every day? Why?
- How does a person feel when they do not practice good personal hygiene? Why?
- Can good personal hygiene help a person feel good about his/her self? How?

Say
- Discuss the meaning of hygiene as given in the Participant Handbook.

Activity
- Health Standard Checklist: Hygiene
Ask

• How many of you have heard about “Swachh Bharat Abhiyan”?
• Can you tell the class what it is about?

Summarize

• Tell them about Swachh Bharat Abhiyan as given in the Participant Handbook and request them to take a pledge to keep our country clean.

Ask

• What is a habit?

Say

• Discuss some good habits which can become a way of life.

Summarize

• Tell them about good and bad habits and the reasons to make good habits a way of life.
UNIT 7.1.2: Safety

Unit Objectives

At the end of this unit, participants will be able to:
• Discuss ways to set up a safe work environment
• Discuss critical safety habits to be followed by employees

Resources to be Used

• Participant Handbook
• Safety signs and symbols
• Safety equipments
• Blank papers
• Pens

Say

• There are many common safety hazards present in most workplaces at one time or another. They include unsafe conditions that can cause injury, illness and death.
• Safety Hazards include:
  • Spills on floors or tripping hazards, such as blocked aisles or cords running across the floor.
  • Working from heights, including ladders, scaffolds, roofs, or any raised work area.
  • Unguarded machinery and moving machinery parts; guards removed or moving parts that a worker can accidentally touch.
  • Electrical hazards like cords, missing ground pins, improper wiring.
  • Machinery-related hazards (lockout/tag out, boiler safety, forklifts, etc.)

Team Activity

Safety Hazards
• There are two parts to this activity.
• First part will cover the potential safety hazards at work place.
• Second part will cover a few safety signs, symbols and equipments at work place.
• Use this format for the first part of the activity.

<table>
<thead>
<tr>
<th>Hazard</th>
<th>What could happen?</th>
<th>How could it be corrected?</th>
</tr>

- Ask
  - How could you or your employees get hurt at work?

- Let’s understand it better with the help of an activity. You will be given a handout within your groups. You have to think about the possible hazards of your workplace, what damage these hazards could cause and about the corrective action.

- Say
  - Now, let’s discuss the answers with the class.
  - All the groups will briefly present their answers.

- Do
  - Divide the class into five to six groups of four participants each.
  - Put the format on the board for the activity.
  - Give blank papers and pens to each group.
  - The group is expected to think and discuss the potential safety hazards in the workplace.
  - Ask the group to discuss and fill the format using the blank sheet.
  - Give the groups 5 minutes for the activity.
  - For the second part of the activity, show the class some pictures of safety signs, symbols and equipments.
  - Now they will put down a few safety symbols, signs or equipment against the safety hazards identified.
  - Give them 5 to 10 minutes to discuss and draw/note it.
  - At the end of 10 minutes the groups will present their answers to the class.

- Ask
  - De-briefing
    - What did you learn from the exercise?
    - As an entrepreneur, is it important to ensure the safety of your employees from possible hazards? Why?

- Summarize
  - Ask the participants what they have learnt so far.
  - Ask if they have any questions related to what they have talked about so far.
  - Close the discussion by summarizing the tips to design a safe workplace and non-negotiable employee safety habits.
UNIT 7.1.3: Self Analysis- Attitude, Achievement Motivation: What is Self Analysis?

Unit Objectives

At the end of this unit, participants will be able to:

- Explain the importance of self-analysis
- Discuss motivation with the help of Maslow’s Hierarchy of Needs
- Discuss the meaning of achievement motivation
- List the characteristics of entrepreneurs with achievement motivation
- List the different factors that motivate you
- Discuss the role of attitude in self-analysis
- Discuss how to maintain a positive attitude
- List your strengths and weaknesses

Resources to be Used

- Participant Handbook
- Old newspapers
- Blank papers
- Pencils/ pens

Activity

- This is a paper pencil activity.

What are the three sentences that describe you the best?

What do you need to live happily?

What are your strengths and weaknesses?

Do

- Write the three questions on the board/flipchart before the session begins.
- Give plain papers and pencils/pens to each participant.
- Tell participants to write the answer for the three questions on the paper.
- Tell them the purpose of this activity is not to judge anyone but to understand more about self.

Say

- Discuss the concept of Self Analysis and motivation with reference to Maslow’s Hierarchy of Needs as discussed in the Participant Handbook.

Team Activity

Tower building

- Each group which will create tower using the old newspapers.

Ask

- What did the winning group do differently?
- If you were given a chance, how would you have made the tower differently?
- How did you feel while making the tower?
- Did you feel motivated?

Say

- Let me tell you a story: It’s Little Things that Make a Big Difference.

There was a man taking a morning walk at the beach. He saw that along with the morning tide came hundreds of starfish and when the tide receded, they were left behind and with the morning sun rays, they would die. The tide was fresh and the starfish were alive. The man took a few steps, picked one and threw it into the water. He did that repeatedly. Right behind him there was another person who couldn’t understand what this man was doing. He caught up with him and asked, “What are you doing? There are hundreds of starfish. How many can you help? What difference does it make?” This man did not reply, took two more steps, picked up another one, threw it into the water, and said, “It makes a difference to this one.”

What difference are we making? Big or small, it does not matter. If everyone made a small difference, we’d end up with a big difference, wouldn’t we?

Ask

- What did you learn from this story?
Do
• Divide the class into groups.
• Give them some old newspapers.
• The task is to create a tower out of the newspapers.
• The group which will create the highest tower standing on its own will be considered the winning group.
• Groups can use as many newspapers as they want to and in any way they want.

Ask
• What did the winning group do differently?
• If you were given a chance, how would you have made the tower differently?
• How did you feel while making the tower?
• Did you feel motivated?

Say
• Discuss the concept of achievement motivation and characteristics of entrepreneurs with achievement motivation as discussed in the Participant Handbook.

Ask
• Is your attitude positive or negative?

Say
• Let me tell you a story:

It’s Little Things that Make a Big Difference.

Ask
• What did you learn from this story?

Activity
What Motivates You?
• This is an individual activity.
• It is an exercise given in the Participant Handbook.

Do
• Ask the class to open their Participant Handbook and complete the exercise given in the section What Motivates You?
• Ensure that the participants have opened the correct page for the activity.
• Give the class 5 minutes to complete the activity.
Say

- Discuss the concept of attitude and how to cultivate a positive attitude as discussed in the Participant Handbook.

Summarize

- Close the discussion by summarizing how self-analysis, knowledge about what motivates you and your positive attitude can help in your business as well in life.
UNIT 7.1.4: Honesty & Work Ethics

Unit Objectives
At the end of this unit, participants will be able to:
• Discuss the qualities of honest people
• Describe the importance of honesty in entrepreneurs
• Discuss the elements of a strong work ethic
• Discuss how to foster a good work ethic

Resources to be Used
• Participant Handbook

Ask
• What do you understand by honesty?
• Why is it important for entrepreneurs to be honest?
• Do you remember any incident where your honesty helped you in gaining confidence?
• Do you remember any incident where someone lost business due to dishonesty?

Say
• Talk about honesty, qualities of an honest person, and the importance of honesty in entrepreneurs as discussed in the Participant Handbook.
• “Let’s understand it better with the help of some case scenarios. You will be given some cases within your groups. You have to analyse the case scenario that has been given to you and then find an appropriate solution to the problem.
• Keep your discussion focussed around the following:
  • What went wrong?
  • Who was at fault?
  • Whom did it impact- the customer or the businessman?
  • How would it impact the business immediately? What would be the long term impact?
  • What could be done?
  • What did you learn from the exercise?

Do
• Divide the class into four groups of maximum six participants depending on the batch size.
• Give one case study to each group.
• Instruct them to read the case carefully.
• Put down the de-brief questions on the board and ask the groups to focus their discussion around these questions.
• The group is expected to analyse and discuss the case amongst them and find a solution to the given problem. Give the class 5-10 minutes to discuss the case and note down their solutions.
• At the end of 10 minutes the team should present their case solution to the class. The presentation can be a narration or a role play.
• Ask the group to select a group leader for their group. The group leader to discuss and assign roles to the group members for the presentation.
Case Study Analysis

Scenario 1
Aakash has a small mobile retail sales and repair shop in Allahabad. He has one of the most popular outlets and has great rapport with his customers.

It’s around 11 AM when a customer barges in to the shop and starts shouting at Aakash for giving her a faulty instrument. The screen of her mobile is cracked from one side. Aakash remembered thoroughly checking the handset before handing it over to the customer. The customer threatens to sue him and to go to Consumer Court for cheating her. Now, the problem occurred somewhere outside the shop but as other customers were listening to the conversation, it might impact his business. The situation needs to be managed very sensitively. What would you do if you were in Aakash’s place?

Scenario 2
Rajni does beautiful Phulkari embroidery on suits and sarees. She has a small home-based business. She has a huge list of customers on Facebook and WhatsApp who give her orders regularly. Smita is one of her old and regular customers. As her sister-in-law’s wedding was around the corner, Smita wanted to buy few handcrafted Phulkari duppatta. She placed an order for three duppattas via WhatsApp and requested Rajni to send them as soon as possible. When the parcel reached Smita through courier she found that out of the three duppattas, only one was hand embroidered and the other two had machine embroidery on them. Even the length and the quality of the material was not as desired. Smita was heartbroken. It was a complete waste of money and moreover she couldn’t wear what she had planned to during the wedding functions. She sent a message to Rajni on WhatsApp, expressing her anger and disappointment.

Smita has also sent a feedback and expressed her disappointment on the social media... this will directly affect Rajni’s business. What would you do if you were in Rajni’s place?

Scenario 3
Shankar is a tattoo artist who has a small tattoo showroom in a big, reputed mall in New Delhi. Mr Saksham had an appointment for today, at 11:00 am but he reached at 11:50 am. Meanwhile, Shankar had to reschedule his next appointment. After availing Shankar’s services, Mr Saksham started yelling in an abusive language, refusing to pay the requisite amount, and finding faults in the services provided by him. Who was at fault in this case? What should Shankar do? Should he confront Saksham or give in to the demands of the client?

Scenario 4
Shailender is an online cloth reseller who does business through social networking sites such as Facebook and WhatsApp. Priyanka made online payment for a dress to Shailander. But she did not receive the dress for a month. When she asked for a cancellation, Shailander started misleading her. For almost 45 days, he kept promising her that he will pay the amount today, tomorrow, day after etc. Even after repeated calls and messages when she did not receive the payment or the dress, she decided to write a post against him on a popular social media platform. As a result, Shailender lost lots of customers and his flourishing business faced a major crisis. How could this situation have been managed?

Say

- Now, let’s discuss the problem and solution with the larger group.
- The group will first briefly describe the case to the class.
- Then discuss the issue identified and the proposed solution.
- Once the presentation is over, the class can ask their questions.

Do ✅

- Congratulate each group for the group presentation.
- Ask the audience to applaud for them.
- Ask de-brief questions to cull out the information from each group.
- Keep a check on time. Tell the group to wind up the discussion quickly if they go beyond the given time limit.

Summarize 📃

- Ask the participants what they have learnt from the exercise/activity.
- Ask if they have any questions related to what they have talked about so far.
- Close the discussion by summarizing the importance of honesty and work ethics for entrepreneurs.
UNIT 7.1.5: Creativity and Innovation

Unit Objectives

At the end of this unit, participants will be able to:
- List the characteristics of highly creative people
- List the characteristics of highly innovative people

Resources to be Used

- Participant Handbook
- Chart papers
- Marker pens

Ask

- You must be aware of the term 'Rags to riches' and heard stories related to the term.
- What do these stories tell us?
- What was so special about these people?

Say

- Let’s have a look at these stories.
- There are some inspiring stories about people which I would like to share with you.
- Narrate these stories to the class.

A.P.J. Abdul Kalam
Who has not heard of A.P.J. Abdul Kalam: Avul Pakir Jainulabdeen Abdul Kalam hailed from a very humble background. His father was a boat owner. To help his family, Kalam would work as a newspaper vendor. With limited resources, he graduated in Physics and studied aerospace engineering. He was instrumental in India’s step towards nuclear energy. In 2002, he became the 11th President of India.

Water filter/purifier at source
Two young boys studying in classes 4 and 5, from Lingzya Junior High School, Sikkim designed a simple innovative low cost water purifier.

Inspiration behind the idea: Most people today prefer to use a water filter/purifier at their home. Both the children have given idea to have filter/purifier at the source of water so that everyone has access to clean water without having to make an investment in purchasing a filter/purifier.

Soring’s idea is to have a centralised purification system at the point of distribution like water tank while Subash’s idea is to have such purifiers attached to public taps.

Solar seeder
This is a story of a innovative solar seeder and developed by Subash Chandra Bose, a class 8, student from St Sebasthiyar Matriculation School, Pudukkottai, Tamil Nadu. Subash has developed a solar powered seed drill, which can undertake plantation for different size of seeds at variable depth and space between two seeds.

Ask

- If they can, why can't you?
- Discuss concepts related to 'Creativity and Innovation' with the participants as given in the Participant Handbook.

Say

- Recall the stories on motivation.
- What is the inner drive that motivates people to succeed?
- Let's learn more about such creative and innovative entrepreneurs with the help of an activity.

Team Activity

- This is a group activity.
  - Think of any one famous entrepreneur and write a few lines about him or her.

Activity De-brief

- Why did you choose this particular entrepreneur?
- What is his/her brand name?
- What creativity does he/she possess?
- What was innovative about their ideas?

Do

- Instruct the participants that this is group work.
- Divide the class into small groups of 4 or 6 depending on the batch size.
- Give each group a chart paper.
- Tell the participants they have to write a few lines about any one famous entrepreneur.
- Give the participants 10 minutes to discuss and write.
- Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.
- Ask each group to read out what they have written.
- Ask the de-brief questions.
Summarize

- Summarize the unit by asking participants if they know of some people who are highly creative and innovative in their approach.
- Ask them to share some experiences about these people with the class.

Notes for Facilitation

- Source for stories on innovations:
UNIT 7.1.6: Time Management

Unit Objectives

At the end of this unit, participants will be able to:

- Discuss the benefits of time management
- List the traits of effective time managers
- Describe effective time management techniques

Resources to be Used

- Participant Handbook

Ask

Does this sound like you?

- I can never get enough time to finish what I am doing in a day.
- I have so many things to do that I get confused.
- I want to go for a walk and exercise, but I just do not have the time.
- I had so much to do, so I could not deliver that order on time.
- I would love to start my dream business; but, I just do not have the time.

Example

- Let's look at these two examples:

Example 1:
Ankita works from home as a freelance writer. She says she can easily put in 8 hours of dedicated work in a day. Because she works from home, she saves money on travel and has a comfortable work routine. But there is a challenge and it is distraction. As she works from home, she can easily just get up and sit down on the sofa to watch TV, wasting valuable time. She may have chores to do, errands to run and bills to pay. She ends up working only two to three hours a day and the result is, her work gets piled up. She is unable to take on more work due to this. Even though her quality of work is appreciated her clients are not very happy about the delay in submission.

Example 2:
Javed has started a successful online selling company from home and makes a good living from his sales. He has set up a small office space in his living room. As both his parents are working full-time, he also has the role of taking care of his two younger siblings. He almost spends half of his day with the younger kids. He does not mind it but it means taking time away from the work. He is still able to manage his online business with these commitments. He wants to spend some more dedicated hours so as to increase his profits. He also wants to look into new business avenues. What should he be doing.

Ask

- Does this happen with you too?
- Do you find it difficult to prioritize your work?
- Are you able to manage your time effectively?
Activity

• Conduct a group discussion based on the above examples.
• Direct the discussion on how to prioritize work and manage time effectively.

Say

• Time management is not only about how hard you work but also about how smart you work.
• Discuss “What is Time Management” with the participants as given in the Participant Handbook.

Ask

• Why is it important to manage time? How does it help?
• What happens when you don't manage your time effectively?
• Do you find it difficult to prioritize your work?

Say

• Discuss the benefits of time management given in the Participant Handbook.
• Let's learn effective time management with the help of an activity.

Activity

Effective Time Management

• This activity has two parts:

PART 1
TO-DO LIST

• You have to make a to-do list.
• List all of the activities/tasks that you have to do.
• Try to include everything that takes up your time, however unimportant it may be.
• If they are large tasks, break them into action steps, and write this down with the larger task.
• You can make one list for all your tasks or have separate to-do lists for personal and professional tasks.

PART 2
URGENT-IMPORTANT GRID

• You have to make a grid as shown on the board here...
• This grid has four boxes. As you can see, each box has a different heading.
• At the heart of the urgent-important grid, are these two questions:
  • Is this task important?
  • Is this task urgent?
• Now, you have to think about each activity that you have written in your to-do list and put it into one of the four categories.
• What do these categories depict?
• Category 1: Urgent/Important
  • This category is for the highest priority tasks. They need to get done now.
• **Category 2: Not Urgent/Important**
  - This is where you want to spend most of your time.
  - This category allows you to work on something important and have the time to do it properly.
  - This will help you produce high quality work in an efficient manner.
  - The tasks in this category are probably the most neglected ones, but also the most crucial ones for success.
  - The tasks in this category can include strategic thinking, deciding on goals or general direction and planning— all vital parts of running a successful business.

• **Category 3: Urgent/Not Important**
  - This is where you are busy but not productive. These tasks are often mistaken to be important, when they’re most often busywork.
  - Urgent but not important tasks are things that prevent you from achieving your goals.
  - However, some may be activities that other people want you to do.

• **Category 4: Not Important and Not Urgent**
  - This category doesn’t really include tasks, but rather habits that provide comfort, and a refuge from being disciplined and rigorous with your time management.
  - Some may be activities that other people want you to do.
  - These might include unplanned leisure activities as well.

Do
- Put down the formats for the to-do list and the urgent/ important grid on the board.
- Instruct the participants to prepare their to-do list first.
- Give the participants 10 minutes to prepare the list.
- Once done, instruct them to divide the tasks in to-do list into the four categories.
- Explain the four categories to the participants giving examples specific to their context.
- As you explain the categories fill the grid with the type of tasks.
- Give the participants 40 minutes to fill the grid.
- Then explain how to balance the tasks between the four categories.
- Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

Say

Activity De-brief:
- How can we balance tasks between the four categories?
- How to manage time through this grid?

Category 1: Urgent/Important
- Try to keep as few tasks as possible here, with the aim to eliminate.
- If you spend too much of your time in this category, you are working solely as a trouble shooter, and never finding time to work on longer-term plans.

Category 2: Not Urgent/Important
- Plan these tasks carefully and efficiently as they are most crucial ones for success.
- If necessary, also plan where you will do these tasks, so that you're free from interruptions.
- Include strategic thinking, deciding on goals or general direction and planning in your planning process.

Category 3: Urgent/Not Important
- Ask yourself whether you can reschedule or delegate them.
- A common source of such activities is other people. Sometimes it's appropriate to say “no” to people politely, or to encourage them to solve the problem themselves.

Category 4: Not Important and Not Urgent
- You also want to minimize the tasks that you have in this category.
- These activities are just a distraction – avoid them if possible.
- You can simply ignore or cancel many of them.
- Politely say “no” to work assigned by others, if you can, and explain why you cannot do it.
- Schedule your leisure activities carefully so that they don’t have an impact on other important tasks.

Discuss the traits of effective time managers and effective time management techniques as given in the Participant Handbook.

Notes for Facilitation

- Here is a short story. You can conclude the session narrating the story. To make it more interesting you can perform the demonstration described and discuss the short story.
  - One day an expert in time management was speaking to a group of students. As he stood in front of the group, he pulled out a large wide-mouthed glass jar and set it on the table in front of him. Then he took out a bag of about a dozen rocks and placed them, one at a time, into the jar. When the jar was filled to the top and no more rocks would fit inside, he asked, "Is this jar full?" Everyone in the class said, "Yes." Then he said, "Really?"
  - He reached under the table and pulled out a bucket of gravel (small stones). He dumped some gravel in and shook the jar causing pieces of gravel to work themselves down into the space between the rocks. Then he asked the group once more, "Is the jar full?" By this time, the class began to understand. "Probably not," one of them answered. "Good!" he replied.
  - He reached under the table and brought out a bucket of sand. He started dumping the sand in the jar and it went into all of the spaces left between the rocks and the gravel. Once more he asked the question, "Is this jar full?" No!" the class shouted. Once again he said, "Good." Then he grabbed a jug of water and began to pour it in until the jar was filled to the brim. Then he looked at the class and asked, "What is the point of this illustration? "One student raised his hand and said, "No matter how full your schedule is, if you try really hard you can always fit some more things in it!" "No," the speaker replied, "that's not the point. The truth this illustration teaches us is: If you don’t put the big rocks in first, you’ll never get them in at all." What are the 'big rocks' in your life? Your children; your loved ones; your education; your dreams; a worthy cause; teaching or mentoring others; doing things that you love; time for yourself; your health; your mate (or significant other). Remember to put these BIG ROCKS in first or you’ll never get them in at all. If you sweat about the little stuff (the gravel, sand, and water) then you’ll fill your life with little things you worry about that don’t really matter, and you’ll never have the time you need to spend on the big, important stuff (the big rocks).
  - End the story with these lines...
    So, tonight, or in the morning tomorrow, when you are reflecting on this short story, ask yourself this question: What are the 'big rocks' in my life? Then, put those in your jar first
UNIT 7.1.7: Anger Management

Unit Objectives
At the end of this unit, participants will be able to:
• Discuss the importance of anger management
• Describe anger management strategies
• Discuss tips for anger management

Resources to be Used
• Participant Handbook

Ask
• What is anger? Is anger good or bad?
• Is anger normal or an abnormal behaviour? How can anger harm you?
• Why is it important for entrepreneurs to manage their anger?

Say
• Talk about anger and the importance of anger management in entrepreneurs as discussed in the Participant Handbook.
• Let us do a small activity. This is an individual activity.
• Think of the incidents and situations that angered you and hurt you.

Do
• Instruct them to note down these situations under different categories (as given in the Activity).
• Give the class 3-5 minutes to think and note down their answers.
• At the end of 5 minutes, ask some participants to volunteer and present their answers.
• They can also share these situations with their fellow participants if they do not wish to share it with the entire class.

Activity
• Do you remember any incident which has hurt
  • you physically
  • you mentally
  • your career
  • your relationships.

Ask
• Do you ever get angry?
• What are the things that make you angry?
• Do you remember any incident where your anger management helped you in maintaining healthy relationship?
• Do you remember any incident where someone lost business/ friend/ relationship due to temper (anger)?
There are a few strategies which can help in controlling your anger. Let’s do an activity to understand the anger management process better.

This is an individual activity.

Think of the incidents/situations which trigger your anger (the cause).

Then think what happened as a result of your anger (the effect).

You need to come up with some techniques to manage your anger.

Give the class the anger triggers (the cause) as listed in the activity.

Put down the activity format (Anger Triggers, Result of your Anger, Anger Management Techniques) on the board and instruct the class to write the answers under different categories.

Give the class 3-5 minutes to think and note down their answers.

At the end of 5 minutes, ask the participants who wish to volunteer and present their answers.

Nos for Facilitation

Ask De-brief questions:

In the situation described by the presenter, who was at fault?

How could you have handled this situation alternatively?

Close the discussion by summarizing the strategies and tips of anger management for entrepreneurs.

Ask the participants what have they learnt from this exercise/activity.

Ask if they have any questions related to what they have talked about so far.

Summarize

Encourage the participants to share information about them while presenting the situations to the class.

Keep the format of the Activity prepared in a chart paper so that it can be displayed during the session.

### Say

- Now, let’s discuss the problems and solution with all.
- The individual will first briefly describe trigger points to the class.
- Then discuss the result of the anger. Other participants are requested to remain quiet while one is making the presentation.
- Post presentation, other participants may ask questions.

### Do

- Congratulate each individual for sharing their points.
- Ask the audience to applaud for them.
- Ask de-brief questions after the presentation to the class.
- Keep a check on the time. Ask the participants to wind up the activity quickly if they go beyond the given time limit.

UNIT 7.1.8: Stress Management: What is stress?

Unit Objectives
At the end of this unit, participants will be able to:

- Discuss the causes of stress
- Discuss the symptoms of stress
- Discuss tips for stress management

Resources to be Used
- Participant Handbook

Ask
- You are waiting in the reception for an interview or a very important meeting, suddenly your legs are shaky, your hands are cold, you are feeling nervous. Have you ever been in this kind of situation?
- Have you had days when you had trouble sleeping?
- Have you ever been so worried about something that you ended up with a terrible headache?

Say
- You’ve probably heard people say, I’m really stressed out” or ”This is making me totally stressed.”

Ask
- What do you understand by stress?
- What gives you stress?
- How do you feel when you are stressed or what are the symptoms of stress?
- How can stress harm you?
- Why is it important for entrepreneurs to manage stress?

Say
- When we feel overloaded or unsure of our ability to deal with certain challenges, we feel stressed.
- Discuss about stress, causes of stress, and symptoms of stress as discussed in the Participant Handbook.
- Let’s understand the causes of stress and how to deal with them with the help of some case scenarios.
- You will be given some cases.
- You have to analyse the case scenario and then find an appropriate solution to the problem.
- This will be a group activity.

Do
- Divide the class into four groups of 5-6 participants (depending on the batch size).
- Assign one case scenario to each group.
- Instruct them to read the case carefully.
- The group is expected to analyse and discuss the case amongst them and find a solution to the given problem.
- Explain their discussion should result in getting answers for the following questions:

**Case Study Analysis**

**Scenario 1**

Akash’s alarm doesn’t go off and he gets late getting out of the house. He hits traffic and ends up 15 minutes late to work, which his boss notices. He gets to his desk and finds he has to complete 2 reports in next one hour. Just when he is about to begin work, a message pops up “Telecon with the client begins in 10 minutes. Please be in the conference room in 5 minutes.”

His is not prepared for the call. He is stressed. He does not want to speak to his boss about this. He is stressed, feeling uncomfortable and sick. Not in a position to attend the call or finish the reports on time.

**Scenario 2**

While paying his overdue bills, Rahul realised that it’s the middle of the month and he has only Rs 500 left in his account. He has already asked all of his friends, and family for loans, which he hasn’t paid back yet. He is still contemplating over the issue when his phone rings. His sister’s birthday is due next week and she has seen a beautiful dress which she wants to buy but cannot tell the parents as it is a bit expensive. She wishes if Rahul could buy the dress for her. Rahul has promised to buy her the dress for her birthday.

Rahul is stressed, does not understand what to do. He is unable to concentrate on his work and unable to complete the tasks assigned. His team leader has already warned him of the delay.

**Scenario 3**

Sheela calls the cable company as she has unknown charges on her bill. She has to go through the automated voice mail menu three times and still can’t get through to a customer care executive. After 15 minutes of repeated efforts, her call is answered. She explains the entire issue to the customer care executive but before the person could suggest a way out, the call drops.

Now Sheela has to call back and repeat the whole process all over again with a new customer care executive. She is very angry and calls again but cannot connect this time.

She has to leave to office so she decides to call from office and check. When she connects this time she is angry and argues with the executive on the call. All her co-workers around are looking at her as her volume has suddenly increased. She bangs the phone and ends the call.

Her co-worker Neelam enquires what has happened to her. She ignores her and just walks off. She has become irritable and her behaviour and tone with other co-workers is not acceptable.

Scenario 4
Arpit is a young entrepreneur who started doing business through Facebook few weeks back. He had always been into a job. Although Arpit has very few financial liabilities, it wasn't an easy decision to leave a comfortable job at once and look for newer pastures. Arpit’s boss warned him of the consequences and the challenges of starting a business when nobody ever in his family had been in business. He has not been able to get a good deal till now. This is an important life shift for him which comes with unknown variables. Arpit is nervous and is wondering if he has what it takes to fulfill the requirement of his new role, or the new experiences he's likely to face.

Ask
De-brief questions:
• What was/were the cause(s) of stress?
• Was the stress avoidable or manageable under the given circumstances?
• If yes, how do you think that the stress could be avoided (managed)?
• If no, then why not?

Say
• Now, let’s discuss the problem and solution with the larger group.
• The group will first briefly describe the case to the class.
• Then discuss the issue identified and the proposed solution.
• Post presentation, the other groups may ask questions to the group that has presented.

Do
• Congratulate each group for sharing their points.
• Ask the audience to applaud for them.
• Ask de-brief questions to cull out the information from each group.
• Keep a check on time. Tell participants to wind up the discussion quickly if they go beyond the given time limit.

Say
• While it is common and normal to feel some tension. This feeling nervous and tensed can interfere with your thinking process and can have a negative impact on your performance.
• Stress can deplete the most vibrant of souls. It can have a negative effect on every aspect of a person’s life including their health, emotional well-being, relationships, and career. However, one needs to understand the causes and types of stress before looking for ways to manage it.

De-brief:
Scenario 1
The cause of stress was lack of time management and the habit of procrastinating. If Akash would have managed his time well, planned alternate ways to get up on time, finished prior tasks on time and planned for client meetings in advance then he wouldn’t have faced stress.
Scenario 2
The cause of stress was lack of financial planning. Rahul should have planned his financial resources well in advance and saved some money for the rainy day. Also, differentiating between needs and wants and keeping a check on non-essential expenditure would have saved Rahul from this situation.

Scenario 3
Sometimes, stress is caused due to external factors instead of internal ones. In this case, the stress was unavoidable because we have no control over this customer care system. Every time, you will get in touch with a new executive and will have to explain all over again. This might cause stress but despite being frustrated and angry there is little that we can do about it. All Sheela could do was to find ways to calm herself down through some breathing exercises and meditation, reading some good book or listening to music and then start afresh.

Scenario 4
A positive, major life change can be a source of good stress. Regardless of how good the change is, it can be stressful. Stress caused by a positive and major life change can be beneficial because it causes a person to step out of their comfort zone and learn new skills. Here, Arpit may become a successful entrepreneur or learn new ways to do things differently.

Now let us see this scenario, can I have a volunteer to read out this case to the class.

Scenario 5
Rakesh lives in Kathmandu with his wife and two beautiful daughters Sarah and Sanya. Nepal was hit by a massive earthquake and Rakesh’s building collapsed during the earthquake. During evacuation, Rakesh realised that though his wife and Sarah were fine and suffered only minor bruises, Sanya was nowhere in the scene. Panic stricken, he started calling her name and searching her frantically. A little later, he heard a meek voice from beneath the debris. He quickly removed the rubble to find a huge bed. Rakesh was pretty sure that Sanya was trapped underneath. Though he was badly bruised, he gathered all his courage and with all his might, he lifted the several-ton bed to save Sanya’s life. Everyone was relieved to see Sanya alive and also extremely surprised to see this father’s ability to access superhuman strength.

Do
- Ask one of the participant who can volunteer and read out this scenario to the class.
- Ask the audience to applaud for the participant after the scenario is read completely.
- Discuss the scenario, ask de-brief questions:
  - What kind of stress was Rakesh undergoing in this case?
  - Was the stress avoidable or manageable under the given circumstances?
  - What was the result of the stress?

Say
De-brief:
- Not all stress is harmful; good stress is actually energizing. This was a case of lifesaving stress, or hero stress, which is an important example of good stress. You may have heard stories in which a person performs an impossible feat of physical strength in order to save their life or the life of someone they love. This type of stress causing a surge of adrenaline is good for us.
Summarize

- Close the discussion by summarizing the tips to manage stress as given in the Participant Handbook.
- Ask the participants what they have learnt from this exercise/activity.
- Ask if they have any questions related to what they have talked about so far.

Notes for Facilitation

- Keep printed copies of the activities/scenarios ready for the session.
- Put down the de-brief questions on a flip chart so that it can be displayed in the class during the activity.
- Encourage participation and make the discussions interactive.

Key Learning Outcomes
At the end of this unit, participants will be able to:

1. Identify the basic parts of a computer
2. Identify the basic parts of a keyboard
3. Recall basic computer terminology
4. Recall the functions of basic computer keys
5. Discuss the main applications of MS Office
6. Discuss the benefits of Microsoft Outlook
7. Identify different types of e-commerce
8. List the benefits of e-commerce for retailers and customers
9. Discuss Digital India campaign will help boost e-commerce in India
10. Describe how you will sell a product or service on an e-commerce platform

UNIT 7.2.1: Computer and Internet Basics: Basic Parts of a Computer

Unit Objectives
At the end of this unit, participants will be able to:
• Identify the basic parts of a computer
• Identify the basic parts of a keyboard
• Recall basic computer terminology
• Recall the functions of basic computer keys

Resources to be Used
• Participant Handbook
• Computer Systems with the required applications

Say
• Let’s take a quick recap of the basic computer parts.
• Discuss ‘Basic Parts of Computer’ and ‘Basic Parts of a Keyboard’ with the class as given in the Participant Handbook.

Explain
• Explain all the parts of the computer and the keyboard by demonstrating on the real system.

Ask
• Do you know about internet?
• Have you ever used internet?
• Why do you think internet is useful?
• What was the last task you performed on internet?

Say
• Let’s look at some basic internet terms.
• Discuss ‘Basic Internet Terms’ with the participants as given in the Participant Handbook.

Summarize
• Ask the participants what they have learnt from this exercise/activity.
• Ask if they have any questions related to what they have talked about so far.
• Close the discussion by summarizing the importance of computer and internet for entrepreneurs.
Do

- Group the participants for the activity depending on the batch size and the number of computer systems available in the lab.
- Explain the purpose and duration of the activity.
- Ensure the participants complete the practical exercises assigned.

Practical

- Conduct a practical session.
- Ask the participants to assemble in the computer lab.
- Give some hands on practice exercises.

At the end of this unit, participants will be able to:

- Identify the basic parts of a computer
- Identify the basic parts of a keyboard
- Recall basic computer terminology
- Recall the functions of basic computer keys
UNIT 7.2.2: MS Office and Email: About MS Office

Unit Objectives

At the end of this unit, participants will be able to:

• Discuss the main applications of MS Office
• Discuss the benefits of Microsoft Outlook

Resources to be Used

• Participant Handbook
• Computer Systems with MS Office

Ask

• What is the most frequent activity that you do on the computer?
• Do you know how to make presentations on the computer?

Say

• Give a brief introduction of MS Office as given in the Participant Handbook.
• Discuss the most popular office products. Explain in brief their application, benefits and working.
• **Microsoft Word** is a word processing program that allows for the creation of documents. The program is equipped with templates for quick formatting. There are also features that allow you to add graphics, tables, etc.
• **Microsoft Excel** is a tool for accounting and managing large sets of data. It can also simplify analysing data. It is also used to create charts based from data, and perform complex calculations. A Cell is an individual data box which will have a corresponding Column and Row heading. This gives the cell a name, referred to as the Cell Reference. There can be multiple pages in each workbook. Each page, or sheet, is called a Worksheet. When you open a new Excel file, it automatically starts you with three worksheets, but you can add more.

Explain

• Explain the working and frequently used features of Office on a real system.

Ask

• What do you know about e-mails?
• Do you have an email id?
• How often do you check your e-mails?

Say

• Communication is vital for every business. The fastest and the safest way to communicate these days are through emails. MS Outlook helps to manage your emails in a better way and also offers a host of other benefits.
• Discuss “Why Choose Microsoft Outlook?” with the participants as given in the Participant Handbook.

- What is the most frequent activity that you do on the computer?
- Do you know how to make presentations on the computer?
- What do you know about e-mails?
- Do you have an email id?
- How often do you check your e-mails?

Say

Communication is vital for every business. The fastest and the safest way to communicate these days are through emails. MS Outlook helps to manage your emails in a better way and also offers a host of other benefits.

- Discuss “Why Choose Microsoft Outlook?” with the participants as given in the Participant Handbook.
- Explain the working and frequently used features of Office on a real system.
- Demonstrate how to create email id.
- Demonstrate how to write new mails, send mails.
- Demonstrate how to use MS Office application to create a letter and send it as attachment in an email.
- Demonstrate how to use other MS Office applications.
- Give some hands on practice exercises
- Group the participants for the activity depending on the batch size and the number of computer systems available in the lab.
- Explain the purpose and duration of the activity.

Summarize

- Ask the participants what they have learnt from this exercise/activity.
- Ask if they have any questions related to what they have talked about so far.

Do

- Ask the participants to assemble in the computer lab.
- Explain the working of Outlook on a real system.
UNIT 7.2.3: E-Commerce

Unit Objectives
At the end of this unit, participants will be able to:
- Identify different types of e-commerce
- List the benefits of e-commerce for retailers and customers
- Discuss Digital India campaign will help boost e-commerce in India
- Describe how you will sell a product or service on an e-commerce platform

Resources to be Used
- Computer System with internet connection
- Participant Handbook

Ask
- How many of you have done shopping online?
- Can you name at least five shopping websites?
- What is the product that you most frequently buy online?
- Why do you do shopping online instead of going to the market?

Say
- Give a brief introduction of “What is E-commerce”. Refer to the Participant Handbook.
- E-commerce emerged in the early 1990s, and its use has increased at a rapid rate. Today, many companies sell their products online. Everything from food, clothes, entertainment, furniture and many other items can be purchased online.

Ask
- What other types of transactions have you performed on the internet other than buying products?

Say
- Give examples of e-commerce activities from Participant Handbook.

Team Activity

E-commerce examples
- Instruct the participants to list some of the payment gateways that they have used for e-commerce activities.
- Give them 5 minutes to make this list.
- Discuss payment gateways and transaction through payment gateways.
- Conclude the discussion by mentioning how important e-commerce has become in our day to day transactions.
UNIT 7.2.3: E-Commerce

At the end of this unit, participants will be able to:

- Identify different types of e-commerce

- Discuss payment gateways and transaction through payment gateways.
- Conclude the discussion by mentioning how important e-commerce has become in our day to day transactions.

Team Activity

Say

- E-commerce activities can be classified based on the types of participants in the transaction.
- Discuss “Types of E-commerce” from the Participant Handbook.

Do

- Discuss all types of E-commerce by giving examples and names of some popular websites which use them.
- Make the discussion interactive by asking the class to share some popular e-commerce sites of each type.

Say

- E-commerce activities bring a host of benefits for both, retailers and customers.
- Discuss benefits of E-commerce from the Participant Handbook.
- The majority of the population that uses E-commerce activities lives in tier-1 and tier-2 cities. To encourage the use of digital money in tier-3 and 4 areas, PM Mr. Modi launched the “Digital India Campaign”.
- Discuss “Digital India Campaign” from the Participant Handbook.
- By Digital India project the government will deliver services via mobile connectivity and in doing so, is expected to bring the internet and broadband to remote corners of the country. This connectivity will in turn enhance e-commerce activities also. Furthermore, the Indian Government is also modernizing India Post and aims to develop it as a distribution channel for e-commerce related services.

Say

- Now let us discuss how to sell a product using E-commerce.
- Every product has to be sold on a platform on the internet. Think of it as a shop that you have to sell your product. Now this shop can be your own or shared or rented. If the shop is your own or rented there will be only your products in that shop. If the shop is shared, there will be products of multiple sellers in that shop. A common example is a departmental store which has products from multiple brands in the shop.
- Similarly, in E-commerce the shop is the website where your products are displayed. If it is your own website it will exclusively showcase your products. In this case the cost that you will incur will be:
  - Developing the website
  - Hosting the website
  - Maintenance of the website
- If you rent a website it will also showcase your own products but the development, hosting and maintenance parts goes to the owner. This saves time and the cost to manage these activities.
- Smaller companies usually go for renting a website and the bigger ones develop their own website.
- The concept of shared platforms has become very popular in recent times. In this platform the sellers have to register and then they can sell their goods on a common platform. Among the most popular of these are Amazon, Myntra, Flipkart, etc.

Role Play

- Tell the participants to choose a product or service that they want to sell online.
- Tell them to write a brief note explaining how they will use existing e-commerce platforms, or create a new e-commerce platform to sell their product or service.
Say

- Demonetization has made carrying cash in the wallet very difficult. People either shop through cards or some other form of digital money.
- So what do you think is digital money?
- In this form the money is both paid and received digitally. There is no hard cash involved. It is an instant and convenient way to make payments.
- There are various types of digital payments. Let us discuss some of them in brief here.
- The first one is the most commonly used system i.e. the cards. Debit card, credit card, prepaid card, all fall under this category.
- Then is the e-wallet or the mobile wallet. This has become the most used form of digital money after demonetization. Examples are Paytm, state bank buddy, Freecharge, etc.
- Many other forms of digital money are also coming up in market like mobile apps, Aadhar card based payment, etc.

Do

- Demonstrate how to make and receive payments through digital models like Paytm and state bank buddy.

Ask

- Why do you think people have started using digital money instead of hard cash? Is demonetization the only reason?

Say

- Digital money gives a lot of advantages over the conventional hard cash. Some of them are:
  - Digital payments are easy and convenient. You do not need to take loads of cash with you, a mobile phone or a card will suffice.
  - With digital payment modes, you can pay from anywhere anytime.
  - Digital payments have less risk.

Summarize

- Ask the participants what they have learnt from this exercise/activity.
- Ask if they have any questions related to what they have talked about so far.
- Close the discussion by summarizing the importance of e-commerce and digital money.

UNIT 7.3.1: Personal Finance – Why to Save?

**Unit Objectives**
At the end of this unit, participants will be able to:
- Discuss the importance of saving money
- Discuss the benefits of saving money

**Resources to be Used**
- Participant Handbook

**Ask**
- How many of you save money?
- Why do you feel the need to save it?
- Do you plan your savings?
- Where do you keep the money you save?
- How do you use the money that you have saved?

**Example**
- Let’s look at these two examples:

**Example 1:**
Suhani works in a good company and earns Rs.30,000 month. She always saves 5000 per month and keeps it aside as a personal saving. She keeps the money at home and has saved quite a lot. One day her mother has a medical emergency and has to be taken to the hospital. Her family is worried about the amount they have to spend for the treatment. It will cost them at least 40,000. Suhani says tells her family not to worry and that she has about 50,000, which she has saved over the months.

**Example 2:**
Jasmeet works in the same company and earns the same as Suhani. She is very fond of shopping and spends most of her money on buying new clothes. At the end of the month, she is always asking her father for money as her pay is finished.

**Ask**
- Who do you identify with – Suhani or Jasmeet?
- How do you think Suhani manages to save money which Jasmeet is unable to do?

**Say**
- We should always set aside some and save some money from our monthly pay. The future is unpredictable. Saving money not only gives you a sense of financial security but it can be used in case of emergencies.
- Discuss “Importance of Saving” with the participants as given in the Participant Handbook.

**Ask**
- What are the benefits of saving money?
- What does being financially independent mean to you?

- Ask
  - What are the benefits of saving money?
  - What does being financially independent mean to you?

Say

- Discuss “Benefits of Saving” with the participants as given in the Participant Handbook.

Now let us continue with Suhani’s story. Suhani has told her family not to worry and that she has about 50,000, which she has saved over the months. The family is happy about Suhani’s decision of saving money, which will be of great help for them now. Suhani is going to the hospital today to pay the first installment for the treatment. Suddenly finds only 35,000 in her cash box when she counts and does not remember using it. She has not kept any record and now she is upset.

Ask

- Was it a good decision by Suhani to save a part of her earnings every month?
- Was it a wise decision to keep all her savings as cash in a cash box?
- Could she have managed to save money in a better and more effective manner?
- Do you want to learn how to save money and use it effectively?

Say

- Let’s learn personal saving with the help of a group activity.

Team Activity

Personal Finance – Why to save

- This activity has two parts:

  PART 1
  WAYS TO SAVE MONEY
  - You are earning 30,000/- per month. You have recently changed your job and have to move to a metropolitan city. You are now living as a paying guest paying 10,000/- per month. Your other estimated expenditures like travel, food, recreation would be around Rs. 17,000 per month.
  - Make a list of different ways to save money.

  PART 2
  HOW WILL YOU USE THE MONEY
  - After a year how much have you been able to save?
  - How will you use the money that you have saved?

Do

- Divide the class into groups of four.
- Instruct the participants to think and prepare a list of the various ways they can save money.
- Give the participants 10 minutes to prepare the list.
- Once done, instruct them to think of how they could use the money they have saved.
- Give the participants 10 minutes to prepare the list.
- Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

Activity De-brief

- What were the different ways you could save money?
- How much money were you able to save?
- How will you use the money you have saved in one year?
Say

• Discuss the importance of personal finance and why it is important to save money.

Summarize

You can summarize the session by discussing:
• The importance of saving money.
• Ways to save money.
• How the money saved can be used for different purposes.
UNIT 7.3.2: Types of Bank Accounts, Opening a Bank Account

Unit Objectives
At the end of this unit, participants will be able to:
• Discuss the main types of bank accounts
• Describe the process of opening a bank account

Resources to be Used
• Account opening sample forms
• Participant Handbook

Ask
• How many of you save money?
• Where do you keep the money you save?
• How many of you have a bank account?
• What type of account do you have?

Example
Let’s look at the given example:
Reena is in the third year of college but in the evening she gives tuitions for children living in her colony. She earns 15,000/- per month. As her students stay in different parts of the city, she has to walk a lot. To save time, she decides to buy a second hand scooter for herself. But she has to save money for it. Her classmate advises her to open a recurring deposit account in the bank.
She goes to the bank close to her home. The personal manager gives her some forms to fill. She is confused as she has never done this before. Her elder sister has an account in the same bank. She asks for help from her sister. She goes to the bank the next day with her sister. The personal banker gives her a list of documents that she will need to submit with the form for opening an account. The banker advises her to open a 6 months recurring deposit.

Ask
• Do you try to save money monthly but have to spend it on unforeseen expenditure?
• Have you ever thought of depositing your savings in a bank?

Say
• Before opening a bank account, you need to know the types of accounts we have in India.
• Discuss “Types of Bank Accounts” with the participants as given in the Participant Handbook.

Ask
• Can someone say what are the different types of bank accounts?
Say

• Let's learn about the different types of bank accounts through an activity.

Team Activity

• Divide the class in four groups.
• Label the groups as savings account, current account, recurring account and fixed deposit.
• On a chart paper, ask them to write the key points of their account.

Activity De-brief
• Ask each group to present the key points of their account.

Say

• Now that you know about the four different types of accounts, let's learn how to open a bank account.
• Discuss “Opening a Bank Account” with the participants as given in the Participant Handbook.
• Discuss “Tips” that the participants should keep in mind while opening a bank account as given in the Participant Handbook.

Ask

• What are the main documents required for opening a bank account?
• What are some important points to ask the bank personnel while opening an account?

Say

• Mention officially valid KYC documents (refer to the Participant Handbook)
• Now, let's understand the procedure of opening a bank account through an activity.

Team Activity

Opening a Bank Account
• This activity is done in groups.
• Divide the class in groups of four or six.

PART 1
FILLING A BANK ACCOUNT OPENING FORM

• You have to fill a bank opening form.
• You can refer to the section “Opening a Bank Account” of your Handbook for reference.
• List all the steps that you will be required to fill in the form.
• List the documents that you need for filling the form.
• Now fill in the form.

Activity De-brief
How did you design the form?
• What all details did you fill in the form?
• What were your KYC documents?
• How would this activity help you in future?
Let's learn about the different types of bank accounts through an activity.

Divide the class in four groups.

Label the groups as savings account, current account, recurring account and fixed deposit.

On a chart paper, ask them to write the key points of their account.

Now fill in the form.

Activity De-brief

How did you design the form?

What all details did you fill in the form?

What were your KYC documents?

How would this activity help you in future?

Do

Do Instruct the participants to read the section “Opening a Bank Account’ of the Participant Handbook.

Do Give each group one sample account opening form.

Do Give the participants 5 minutes to read the form.

Do Give them 15 minutes to fill it.

Do Assist them by explaining each category and how to fill it.

Do Keep a check on time.

Do Tell the group to wind up quickly if they go beyond the given time limit.

Summarize

**Note:**

- You can summarize the unit through a role play.
  - A person wanting to open an account in the bank.
  - What is the procedure that he will go through?
  - Discuss the key points of different types of bank accounts.
  - How to select the type of account
  - How to fill the account opening form.
- A sample account opening form is given in the following page for reference. Use it for the activity in the class.

4. Machinery
5. Insurance
6. Office supplies/ Raw materials
7. Employee salaries
8. Commision percentage given to sales person for every unit sold
9. Credit card fees
10. Vendor bills

Do

- Divide the class into two groups. Read out the list of costs given in the activity.
- Read out each item from the cost list and ask the groups in turns to identify whether it is a fixed or variable cost.
• We saw that your utility bills like rent, electricity, telephone etc. are all fixed costs because you have to pay it every month.
• Variable costs is an expense which varies with production output or volume. For example commission, raw material etc.
• Discuss “Cost: Fixed vs. variables” with the participants as given in the Participant Handbook.
• Illustrate the relation between the costs with a graph.

Let's learn the difference between fixed and variable cost with the help of an activity.

Team Activity

Fixed vs. Variable Costs
• This is a group activity.

• You want to start your own entrepreneur business.
• State the type of business you want to start.
• List down all the cost or requirements for your business.
• How will you differentiate between the fixed and variable cost.

Activity De-brief
• What is the total cost of your business?
• What are the fixed costs?
• What are the variable costs?
• How did you differentiate between the fixed and variable costs?

Do

• Instruct the participants that this is group work.
• Divide the class into small groups of 4 or 6.
• Give each group a sheet of paper.
• Tell the participants that they have to start their own entrepreneur business.
• Ask them the type of business they want to start.
• Instruct them to differentiate between the fixed and the variable costs of the business they want to start.
• Give the participants 15 minutes to discuss and write.
• Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

UNIT 7.3.5: Online Banking, NEFT, RTGS, etc.

Unit Objectives

At the end of this unit, participants will be able to:

- Discuss the uses of online banking
- Discuss the main types of electronic funds transfer

Resources to be Used

- Participant Handbook
- Computer System with internet connection
- Debit card

Ask

- When was the last time you visited a bank?
- How do you pay your bill for electricity and telephone?
- Have you ever tried to transfer money from one bank account to another bank account using the online banking facility?

Say

- Most of us lead a busy life. Time has become more important than money. In this busy schedule no one has time to stand in bank queues. That’s where Online Banking comes in. Online banking or internet banking means accessing your bank account and carrying out financial transactions through the internet.
- Discuss “What is online banking?” from the Participant Handbook.
- There are various advantages of online banking:
  - It saves time, as you need to visit the branch.
  - You can conduct your banking transactions safely and securely without leaving the comfort of your home.
  - Online Banking also gives you round the clock access.
  - Online Banking makes it possible for you to pay your bills electronically.

Do

- Show them how they can use the internet banking.
- Use the computer system and show the demo videos on how to use internet banking provided on most banking sites.
- Tell the class the various features of online banking:
  - Through their website set-up your online account.
  - Choose a secure username and password.
  - Set-up your contact information.
  - Once your information is verified, you are good to go.
  - Once you enter the portal explore all the features and learn your way through the portal.
- Discuss about maintaining the security of the online account.
One of the biggest advantages that online banking offers, as discussed earlier, is transferring money from one account to another. This transaction is called electronic funds transfer. Electronic transfers are processed immediately with the transferred amount being deducted from one account and credited to the other in real time, thus saving time and effort involved in physically transferring a sum of money.

Discuss “Electronic Funds Transfer” from the Participant Handbook.

Discuss how to transfer money from one account to another using online banking (NEFT/RTGS, etc.).
Illustrate with an example.

Close the discussion by summarizing the about online banking.
Ask the participants if they have any questions related to what they have talked about so far.

• Discuss how to answer the most frequently asked interview questions

Resources to be Used

• Participant Handbook

Say

• Tell the participants you will provide them with interview situation and questions and they have to try to answer them.
• Tell them you will also explain the different ways to approach these questions.

Do

• Divide the class in pairs and ask the participants to perform a role play.
• One partner will play the role of the interviewer while the other will play the role of the interviewee.
• Tell them the interviewer can start the interview by asking the interviewee to introduce himself/herself.
• Call all the pairs one by one in front of the class to enact the role play.
• Follow the same pattern for all other situations.
• Time allotted for each situation is 8-10 minutes.
• Congratulate each participant for giving their input.
• Ask the class to applaud each time a team has completed their role play.
• Keep a check on time.

Role Play

Conduct a role play for the situation given.

Situation 1

• The interviewer will start by asking the interviewee a few generic questions such as:
  • What is your name?
  • Tell me something about yourself?
  • Can you tell me something about your family?
• Then, the interviewer will bluntly ask the following questions:
  • How do you explain this huge time gap in your resume?
  • What is the reason for this?
  • Weren’t you looking for a job or is it that no one selected you?

De-brief:

• When you put information on your resume, you should be prepared to answer any questions about it.
• Be present and focused on the questions being asked to you.
• One way of tackling the blunt questions is to tell the interviewer you did not come across an opportunity where you were sufficiently satisfied with both the remuneration offered as well as the profile. Therefore, you waited for the right opportunity to come along while looking for an ideal job.

Role Play – Situation 2

• The interviewer will start by asking the interviewee a few generic questions such as:
  • What is your name?
  • Tell me something about yourself?
  • Can you tell me something about your family?
• Then, at the end of the interview, ask the interviewee:
  • There are over 200 people who have applied for this job, some with excellent work experience. Why should I hire you?

SAY

• There is nothing wrong with stating your strengths and achievements. However, do not come across as arrogant or too boastful.
• You need show the interviewee that you have unique skills or talents to contribute to the company. The interviewer needs to know how you stand apart from the rest of the crowd.
• Tell the interviewer you are looking forward to working with the company and that you are a hard-working individual.

Role Play – Situation 3

• The interviewer will start by asking the interviewee a few generic questions such as:
  • What is your name?
  • Tell me something about yourself?
  • Can you tell me something about your family?
• Then, lean forward, clasp your hands on the table and in a soft voice ask the interviewee:
  • Did you ever experience any neglect or disregard from your previous office? In other words, did you ever suffer because your office or team displayed favouritism?

SAY

• Keep this in mind: Do not criticize anyone during an interview.
• You are free to express your opinion, however, your language, answers, body language, and the tone of your voice should remain constructive and neutral.
• Since criticism will show you in negative light, you should keep your answers honest yet diplomatic.
• You can tackle such questions by saying, “I got along well with most of my faculty and peers.”
De-brief:

  - Tell me something about yourself?
  - Can you tell me something about your family?
- Then very bluntly ask the interviewee:
  - How long do you plan to stay with this company if you are selected?
- After the candidate responds, ask sarcastically:
  - Do you seriously mean that?

De-brief:
- Don’t provide unreal and idealistic answers.
- Your answers should be honest yet diplomatic. In a situation like this, the interviewer does not expect you to provide a specific timeline.
- You can say something like, “I would like to stay with the company as long as I can contribute constructively and develop as an employee, within the organization, professionally and financially.”

Role Play – Situation 5
- The interviewer will start by asking the interviewee a few generic questions such as:
  - What is your name?
  - Tell me something about yourself?
  - Can you tell me something about your family?
- Ask him/her how important he/she thinks it is to be punctual in the corporate world.
- After he/she answers, look up sternly at the interviewee and in a crisp voice, say:
  - You were late for this interview by 10 minutes. That surely does not seem to be in line with what you just said?

De-brief:
- Politely apologize for being late.
- You can add something such as, “I assure you this is not a habit”. All your future actions should be in line with this statement.
- Avoid giving any excuses.
- You might feel obligated to provide a justification for your tardiness, but the interviewer is not interested in that.
- Do not over apologize. Once this response is out of the way, turn your focus back to the interview.

• Encourage all the participants to participate in the activity

Do
• Divide the class into small groups of 4 or 6.
• Instruct the participants that they will be doing a brainstorming activity.
• Give them one chart paper each. Tell them to divide the chart in two parts.
• Instruct them that they have to use one half of the chart paper now. The other half will be used later.
• The participants have to write all the words that come to their mind related to the recruitment process.
• Give them 10 minutes to do the activity.
• Tell them that there are no right or wrong answers.
• Keep a track of the time.
Say
• You all know quite a few words related to the terms used in the office.
• Let us talk about some new terms that have been missed out.
• Discuss “Work Readiness – Terms and Terminology” with the participants as given in the Participant Handbook.

Ask
• Why is it important to know the workplace terms?
• How do they help?
• Can the words be categorised further?

Say
• Let’s now continue the activity.

Team Activity

Terms and Terminology
• This is again a group activity. The members of the group remain the same as in Activity 1.

Part 2
With the help of the new terms you have learned, make a flow chart of the hiring process of MND Company.

Activity De-brief
• Ask the groups to share the flow charts and the new terms they added while preparing the flow chart.

Do
• Instruct the participants that they have to use the 2nd half of the same chart they had used before.
• Using the new terminology and the terms they had previously written on the chart, they have to make a flow chart of the hiring process of the MND Company.
• Give them 10 minutes for this activity.
• Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

Say
• Let’s go ahead with the activity.

Team Activity

Terms and Terminology
• The activity continues with the same group members.

Part 3
Sheila now works for the MND Company. She is not aware of the company culture and policies. She goes to the HR Department to get her doubts clarified. Can you think of the terms for which she wants clarity? Make a list of those words.

Activity De-brief
• Ask the groups to share their list of words. Some of the words are benefits, comp. time, deduction, employee training, holidays, lay-off, leave, maternity leave, mentor, notice, paternity leave, and time sheet.
Say

• Discuss how to listen effectively
• Discuss the importance of speaking effectively
• Discuss how to speak effectively

Resources to be Used
• Participant Handbook

Activity 1
Activity – Chinese Whisper

Step 1: Form a circle.

Step 2: Start a whisper chain. Any one participant will whisper a message into his/her neighbour’s ear. No one else must hear the message. The message can be serious or downright silly.

Step 3: The next person who first heard the message should whisper the message very quickly to the person sitting next to them.

Step 4: The game goes on until the last person says whatever they heard out loud and the first person reveals the real message.

Compare them and have a great laugh!

Ask
De-brief questions:
• Was the original message the same as the message that is communicated at the end of the game?
• Why do you think there was a difference in the messages?

Say
• No, the original message was not same at the end of game.
• The barriers to communication like language, disturbance and noise, poor listening skills, boredom, poor speaking skills, etc. are the potential reasons this happens.
• There are various aspects to communication. Speaking skills and listening skills are two major components to any communication. There is always some room for improvement in the way we communicate.
• It is important to accept the reality of miscommunication and work to minimise its negative impacts.
At the end of this unit, participants will be able to:

- Discuss the importance of listening effectively
- Discuss how to listen effectively

Ask

De-brief question:
- What were the barriers that came into your way of listening?
- How can you overcome barriers to listening?

Say

- There is a difference between hearing and listening.
- If you don’t listen properly, the message may be misunderstood.
- Be open-minded while listening to someone.
- It is important to listen effectively and carefully without making assumptions.

Activity 3

Elevator Pitch:
You are in the lift of a hotel and you bumped into your former client who is a famous businessman. He has financed a lot of small business ventures and can finance your new start-up too. After exchanging pleasantries, he asks you what your new company does. You open your mouth, and then pause. Where do you even begin?
Then, as you try to organize your thoughts, his meeting is called, and he is on his way. If you would been better prepared, you’re sure that he would have stayed long enough to schedule a meeting with you too.
If you were given another chance, what would you have said to this person?

Do

- Start off the task by providing a beginning sentence to get the story started, and then go around the classroom getting each one to add a new sentence to keep the story going.
- This task should be done spontaneously allowing only a little time to think (30 seconds).
- For example: **There was once a student who was looking for a job after graduation.**
Notes for Facilitation

- Tell the participants to follow these steps to create a great pitch, but bear in mind that you’ll need to vary your approach depending on what your pitch is about.

1. **Identify Your Goal:** Start by thinking about the objective of your pitch. For instance, do you want to tell the potential clients about your organization? Do you have a great new product idea that you want to pitch to an executive or do you want a simple and engaging speech to explain what you do for a living?

2. **Explain What You Do:** Start your pitch by describing what your organization does. Focus on the problems that you solve and how you help people. Ask yourself this question as you start writing: what do you want your audience to remember most about you? Keep in mind that your pitch should excite you first. After all, if you don’t get excited about what you’re saying neither will your audience. People may not remember everything that you say, but they will likely remember your enthusiasm.

3. **Communicate Your USP:** Your elevator pitch also needs to communicate your unique selling proposition or USP. Identify what makes you, your organization or your idea unique. You’ll want to communicate your USP after you’ve talked about what you do.

4. **Engage with a Question:** After you communicate your USP, you need to engage your audience. To do this, prepare open-ended questions (questions that can’t be answered with a ”yes” or ”no” answer) to involve them in the conversation. Make sure that you’re able to answer any questions that he or she may have.

5. **Put it all Together:** When you’ve completed each section of your pitch, put it all together. Then, read it aloud and use a stopwatch to time how long it takes. It should be no longer than 20-30 seconds. Remember, the shorter it is, the better!

**Example:**

Here’s how your pitch could come together:

"My company deals with cloth retail online business and we use various e-commerce platforms to sell our products. This means that you can do shopping with ease and spend time on other important tasks. Unlike other similar companies, we have a strong feedback mechanism to find out exactly what people need. This means that, on average, 95 percent of our clients are happy with our products. So, how can you help us in creating our own web portal?"

6. **Practice:** Like anything else, practice makes perfect. Remember, how you say it is just as important as what you say. If you don’t practice, it’s likely that you’ll talk too fast, sound unnatural or forget important elements of your pitch. Set a goal to practice your pitch regularly. The more you practice, the more natural your pitch will become. Practice in front of a mirror or in front of colleagues until the pitch feels natural.

Summarize

- Close the discussion by summarizing how to speak effectively as discussed in the Participant Handbook.
UNIT 7.5.4: Problem Solving & Negotiation Skills

Unit Objectives
At the end of this unit, participants will be able to:
• Discuss how to solve problems
• List the important problem solving traits
• Discuss ways to assess problem solving skills
• Discuss the importance of negotiation
• Discuss how to negotiate

Resources to be Used
• Participant Handbook

Ask
• What is a ‘problem’?
• What do you think are the problems you may face in the process of becoming a successful entrepreneur?

Say
• Discuss the definition of problem as given in the Participant Handbook.
• In a hurdle race the hurdles are the obstacles on the way to reach your goal.
• Similarly, obstacles are the hurdles you may face while reaching your goal i.e. to set-up your own business. Your goal will be to reach the finishing line after crossing these hurdles.

Ask
• What do you do when you face a problem?
• How do you resolve it? You can pick examples from the question asked previously ‘the problems they are likely to face in the process of becoming a successful entrepreneur’.

Say
• Discuss how to solve problems as given in the Participant Handbook.

Team Activity
• This is a group activity.
• The groups will solve the problem and come up with the best solution in each case.
1. Unable to arrange for some extra finance for setting up a beauty parlour. The loan sanctioned and disbursed is not enough. You have tried all your contacts, friends and relatives. But unable to manage the extra amount. Bank will not sanction more amount as you have used up the complete sanction limit.
2. You have rented a space for your business and all arrangements are done. You will be operating from the office space rented in two days. Now the owner comes up to you and says he wants to sell the place and wants you to vacate in 15 days.
3. You have just set up your business and need extra human resource. You have tried inviing a few also tied up with an agency for getting the right candidate. But you are unable to get the right candidate. If the candidate is good, you cannot offer the salary demanded. If the candidate agrees to the salary, he/she has other demands like working hours to be reduced, leaves etc. which may not work for your set up.
Discuss the definition of problem as given in the Participant Handbook.

In a hurdle race the hurdles are the obstacles on the way to reach your goal.

Similarly, obstacles are the hurdles you may face while reaching your goal i.e. to set-up your own business.

**UNIT 7.5.4: Problem Solving & Negotiation Skills**

**Unit Objectives**

- What is a 'problem'?
- What do you think are the problems you may face in the process of becoming a successful entrepreneur?
- What do you do when you face a problem?
- How do you resolve it? You can pick examples from the question asked previously ‘the problems they are likely to face in the process of becoming a successful entrepreneur’.

**De-brief questions:**

1. What was the problem?
2. Is there any other alternative solution?
3. Is this the best solution presented?

**Ask**

- Try to think of some people around you who are able to solve problems very easily. Even you or your friends might be approaching them when there is a problem. What qualities do they have? What personality traits do such people possess?

**Say**

- Discuss the important traits for problem-solving as given in the Participant Handbook.

**Ask**

- In order to build a successful organization, you need to hire people who possess good problem solving skills. How would you assess the level of problem solving skills of potential candidates before hiring them?

**Say**

- Discuss how to assess for problem-solving skills as given in the Participant Handbook.

**Summarize**

- Ask the participants the things that they have learnt so far.
- Ask if they have any questions related to what they have talked about so far.
- Summarize the discussion on problem solving.

**Activity**

- The activity is to organise an election event. Select three volunteers from the group. They have to give a speech on their election manifesto to the class. They have to negotiate with the fellow participants and convince them to vote for them. The best negotiator will win the election.

**Do**

- Ask three participants to volunteer for the activity.
- Explain the purpose and duration of the activity.
- Set guidelines pertaining to discipline and expected tasks.
Role Play

Ask

- Out of the three contestants, whom would you support? Why? What did they say or do which convinced you to make your decision?
- Have you ever tried to negotiate in your personal or professional life?
- Ask the class to share some of their experiences where they have been able to strike a deal by negotiating.

Say

- Discuss “What is Negotiation?” as given in the Participant Handbook.

Ask

- Why is it important to negotiate? As an entrepreneur, where do you think that negotiation skills will be needed?

Say

- Discuss the importance of negotiation while starting a business as given in the Participant Handbook.

Do

- Divide them into groups of four (4) (depending on the batch size).
- Give them the hand-outs for role play scenarios.
- Two groups to be given scenarios on problem solving.
- Other two groups to be given scenarios on negotiation.
- The groups will build on the scenarios and prepare for the role play.
- Give the groups at least 5 mins to discuss and be ready with the role play.
- Invite each group one by one to come and present their role play.

Problem solving Scenario 1

Avinash has a Mobile Repair Store in Allahabad. His outlet is one of the most popular one in the vicinity and he has great rapport with his customers. He is always well-dressed, jovial and full of energy.

It’s around 11 AM, when a customer barges in to the shop and starts shouting at Avinash for giving her back the instrument which is still not working. The screen of her mobile is also cracked from one side. Avinash remembered thoroughly checking the handset before handing it over to the customer. The customer threatens to sue the company and to go to Consumer Court for cheating her.
### Problem solving Scenario 2
You are running a successful small scale business, Shreeji Aggarbattis,. Your staff members do door to door selling and organise marketing campaigns in local markets. Your brand has established it's name in last few years.

Recently, lot of customers have been coming to you and lodging complaints that your staff members indulge in malpractices. Few of them informed you that a staff member engaged them in a friendly conversation. In the meanwhile, the other gave them lesser packets of aggarbattis than they paid for.

Another set of customers lodged complaint about the misconduct and rude behaviour of a particular staff member. You often hear from your customers that the orders don’t get delivered on time or wrong products get delivered. You have already been struggling with shortage of staff and such complaints are a serious concern as it is hampering your brand image. What strategies will you adopt to solve this problem?

### Negotiation Scenario 1
You have interviewed a prospective new employee who could be a key member of your new entrepreneurial venture. The new person is demanding a salary that is 20% higher than you thought based on your business plan. Finances are tight, yet you believe this person could make a significant impact on future profits. If you paid the required salary for the new person, then you would have to restructure your entire business plan. You’ve been searching for an individual with this skill level for three months to the candidate is waiting for your response. Now you have to call him in to make the final negotiations.

### Negotiation Scenario 2
You are a young entrepreneur who has just registered his start up project and applied for a bank loan accordingly. You receive a letter saying that your loan application has been rejected as your start up idea did not appeal to the bank and they think that it is not a revenue generating model. You have taken an appointment to meet the manager and show your negotiation skills to get your loan approved.

### Notes for Facilitation
#### Facilitating Role Plays
**Preparing for the activity**
1. Carefully review the details of the scenario and the character descriptions.
2. Become familiar with the key issues being addressed in the scenario.
3. Study the provided material so that you are ready to address issues related to the situations depicted in the role-plays.
4. Anticipate and know how to address issues participants might raise during the activity.

**Conducting the activity**
1. Introduce the activity. Emphasize that role-playing provides participants with an opportunity to apply their new knowledge, skills, and tools in situations that simulate actual interactions with customers.
2. Ask participants to form pairs. Direct the members of each group to choose who will play the roles. Remind the groups that each participant should be given the opportunity to play/practice the different roles.
3. Conduct a demonstration so that participants become familiar with the expectations related to the roles and support materials.
4. Give the pairs/groups 10 to 15 minutes to conduct the role-play (depending on the duration of the session).
5. After all the groups have finished with the role-play, conduct a debriefing session on each role-play.
6. Ask the groups to take five minutes to talk about what happened during the role-play. The groups should discuss the questions given in the debriefing for each role-play. Encourage participants to provide constructive criticism during their discussions.

**Wrap the unit up after summarizing the key points and answering questions.**
UNIT 7.5.5: Business Opportunity Identification: Entrepreneurs and Opportunities

Unit Objectives

At the end of this unit, participants will be able to:

- Discuss how to identify new business opportunities
- Discuss how to identify business opportunities within their business

Resources to be Used

- Participant Handbook
- Blank sheets of paper
- Pens

Ask

- How does an entrepreneur identify an opportunity?
- What do you think are the common queries or concerns faced by entrepreneurs?
- How can you identify new business opportunity?

Say

- Let’s talk about opportunity, common queries or concerns faced by entrepreneurs, idea as an opportunity, factors to consider when looking for opportunities, ways to identify new business, and opportunity analysis as discussed in Participant Handbook.
- Let’s do an activity to understand ways to identify business opportunities within your business.

Do

- Tell the class that this is an individual activity.
- Tell the participants to create a matrix on their notebooks.
- There will be four boxes in your matrix.
- Strength, Weakness, Opportunity and Threats will be the four headings of the matrix. This is called the SWOT matrix.
- Read out the questions to them and tell the participants they need to answer the questions asked in each matrix.
- Tell them they can also use their own understanding of themselves to fill the SWOT matrix.

Activity

Do your SWOT analysis

<table>
<thead>
<tr>
<th>Strength</th>
<th>Weakness</th>
</tr>
</thead>
<tbody>
<tr>
<td>What are your strengths?</td>
<td>What are your weaknesses?</td>
</tr>
<tr>
<td>What unique capabilities do you possess?</td>
<td>What do your competitors do better than you?</td>
</tr>
<tr>
<td>What do you do better than others?</td>
<td></td>
</tr>
<tr>
<td>What do others perceive as your strengths?</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Opportunity</th>
<th>Threat</th>
</tr>
</thead>
<tbody>
<tr>
<td>What trends may positively impact you?</td>
<td>Do you have solid financial support?</td>
</tr>
<tr>
<td>What opportunities are available to you?</td>
<td>What trends may negatively impact you?</td>
</tr>
</tbody>
</table>
Do

- Congratulate everyone for the class activity.
- Ask the audience to applaud for themselves.
- Allot the participants sufficient time to complete this activity, but do keep a check on time.
- Ask de-brief questions to cull out information from the participants.

Ask

De-brief questions:

- What are your weaknesses according to your SWOT analysis?
- Do you think you can change your weakness into strength? How?
- Do you think you can work on your threats? How?

Summarize

- Close the discussion by summarizing ways to identify business opportunities within your business.
- Ask the participants what they have learned from this exercise.
- Ask if they have any questions related to what they have talked about so far.

UNIT 7.5.6: Entrepreneurship Support Eco-System

Unit Objectives

Ask
- Do you think that entrepreneurs need support?
- What do you think is an eco-system?
- What do you think 'entrepreneurship support eco-system' means?

Say
- Let’s learn what entrepreneurship support eco-system means.
- Discuss ‘Entrepreneurship Support Eco-System’ as given in the Participant Handbook.

Ask
- Can you define entrepreneurship support eco-system?
- What are the key domains of the support eco-system?

Say
- Let’s learn more about these domains by conducting an activity.
- You have to make a poster showing the components of the six main domains of entrepreneurship support eco-system.

Team Activity

Do
- Divide the class into groups of four or six.
- Hand out chart paper and coloured pens.
- Explain the purpose and duration of the activity.
- Go around checking the progress of each group.
- Set guidelines pertaining to discipline and expected tasks.

Activity De-brief
- Ask each group to display their poster and explain the key domains of entrepreneurship support eco-system.

Ask
- What kind of government support eco-system is available for entrepreneurs in India?

Say
- Discuss ‘Make in India’ campaign as given in the Participant Handbook.

- Number each pair from 1-15.
- Assign a scheme, same as their group number, to each group.
- Ask them to read the scheme carefully and present it to the class.
- Explain the purpose and duration of the activity.
- Go around checking the progress of each group.
- Set guidelines pertaining to discipline and expected tasks.

Activity De-brief
- Ask each group to explain the scheme offered by government to promote entrepreneurs.

Summarize
- Summarize the unit by discussing the key points and answering questions the participants may have.
At the end of this unit, participants will be able to:

- Discuss the relationship between entrepreneurship and risk appetite
- Discuss the relationship between entrepreneurship and resilience
- Describe the characteristics of a resilient entrepreneur

**Resources to be Used**

- Participant Handbook
- Chart papers
- Blank sheets of paper
- Pens
- Marker pens

**Ask**

- Can you define risk or explain what constitutes a risk?
- What do you mean when they say, “This may be a risky proposition”?
- What risks are they talking about?

**Example**

- Let's have a look at these two examples:

  **Rohit and his family** were travelling by car from Delhi to Nainital. It was their second trip there. Rohit was familiar with the road. His friends told him that the highway after Rampur was in a bad condition. They advised him to take a shortcut and turn left from Moradabad and take the Kaladhungi road. This road is in a better condition.

  Since he was going with his family, and did want take the risk of getting lost, he left early. He took the Kaladhungi road and reached Nainital well in time.

  **Suresh and his family** too were travelling by car from Delhi to Nainital. It was their second trip there. His friends too advised him to take a shortcut and turn left from Moradabad and take the Kaladhungi road as this road was in a better condition.

  Suresh too decided to take the Kaladhungi road but he left Delhi in the afternoon. It was dark by the time he reached Kaladhungi, and he was sure that he was taking the correct turn. As it was late, he could not find anyone to give him directions. He ended up being in an unknown place that was scarcely inhabited.

**Say**

- Let's see what type of risks Rohit and Suresh took.
- Discuss ‘Risk Appetite and Resilience’ with the participants as given in the Participant Handbook.

**Say**

- Let’s learn more about risk appetite and resilience with the help of an activity.
Team Activity

Risk Appetite
- This is a group activity.
- In the previous unit, you read success stories of Mr Dhirubhai Ambani and Dr Karsanbhai Patel.
- Mr Ambani left his job and started his company Reliance with just Rs. 50,000/-.
- Dr Patel kept his job, went door-to-door to sell Nirma, and only when the brand started gaining popularity did he start his own company.
- What types of risk did both of them take?
- What risk factors, do you think, did they keep in mind before launching their company?
- Write the Risk Appetite Statement of both the companies.

Activity De-brief
- Who took a greater risk?
- What are the differences between the Risk Appetite Statement of both the companies?

Do
- Instruct the participants that this is group work.
- Divide the class into small groups of 4.
- Give each group a chart paper.
- Tell the participants that they have to evaluate the risks taken by Mr Dhirubhai Ambani and Dr Karsanbhai Patel.
- Give the participants 15 minutes to discuss and write.
- Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

Ask
- Do you think all entrepreneurial ventures are successful?
- What happens if the first venture is not successful?
- Should the entrepreneur stop when faced with challenges or face them?

Example
- Let’s have a look at the following example:

Vijay Shekhar Sharma is the founder of Paytm, which is a giant Indian e-commerce. He was born in a middle-class family in Uttar Pradesh. He started his first job at an MNC. He quit after six months and built a company One97 with his friends. As One97 grew bigger, it needed more money because it was running more servers, bigger teams, and had to pay royalty. At that time, the tech bubble popped and technology companies were running in losses. Finally, money ran out. So One97 took loans and then more loans at higher rates of interest, as high as 24 per cent, and became caught in a vicious cycle.

In 2014, Paytm was launched with online wallet services after which, the company enabled online payment transactions. The company got licenses from RBI in 2016 to launch India’s first ever payment bank. Moreover, the main motive of Paytm was to transform India into a cashless economy.

After demonetization came into effect, Vijay Shekhar Sharma started promoting online and digital transactions to deal with the cash crunch. In fact, the service of the company’s mobile wallet is accepted across India. The logo of Paytm is now popular almost everywhere from tea stalls to major companies.
Let's see what qualities made Vijay Shekhar Sharma a resilient entrepreneur.

Discuss Entrepreneurship and Resilience with the participants as given in the Participant Handbook.

Let's learn more about entrepreneurship and resilience with the help of an activity.

Entrepreneurship and Resilience

This is a group activity.

- Think of some entrepreneurship ventures that faced challenging times, but later resulted in success stories.
- Who is the founder of that company?
- What challenging times did it face?
- How did it overcome those challenges?
- List the resilient characteristics of the entrepreneur.

Activity De-brief

- Each group to give their presentation.
- Why did you choose this company?
- What is the success story of the company?

Instruct the participants that this is group work.

Divide the class into small groups of 4.

Give each group a chart paper.

Tell the participants that they have to think of an entrepreneur who faced challenging times, but eventually succeeded.

Give the participants 15 minutes to discuss and write.

Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

You can summarize the key points of the unit.

Ask the participants what they learned from the activities.

Clarify any questions or doubts they might have.
UNIT 7.5.8: Success and Failures

Unit Objectives

At the end of this unit, participants will be able to:

• Discuss how to deal with failure

Resources to be Used

• Participant Handbook

Ask

• Have you heard the quote ‘nothing is impossible’?
• What do you think it means?
• Do you think that all successful entrepreneurs became famous overnight or did they have to struggle or face failure before succeeding?

Example

• Let’s have a look at this example.

Shah Rukh Khan, also known as, SRK or King Khan is a force to reckon with. Did he achieve stardom overnight? Shah Rukh Khan, who has seen many struggles in his life – he has slept on streets, struggled to support himself and his sister at a very young age, and lost his parents very early in life, which led to his sister seeking mental health support. Amidst all the chaos and challenges, he kept pushing himself, and today he stands tall as the 'Badshah of Bollywood'. Certainly those years were not easy for him.

When he was young, he stood at Marine Drive and said, “I will rule this city one day”. Failure was not just his companion during or before his stardom, it is still a substantial part of his life. Success does not come easy. What made him a star was his acceptance of failure and the urge to improve.

Say

• How do you define success and failure?
• What is fear?
• Discuss “success and failure” with the participants as given in the Participant Handbook.

Ask

• Have you felt or experienced fear?
• What led you to feel that emotion?
• How did you handle it?

Say

• Let’s learn the about success and failure with the help of an activity.
Team Activity

- Divide the class into groups of four.
- Instruct them to think of one scenario where they have to interview a successful entrepreneur.
- Explain the purpose and duration of the activity.
- Set guidelines pertaining to discipline and expected tasks.
- They have to choose one person from the group as the interviewee and one as the interviewer.
- Go around and make sure they have understood what is to be done and are discussing the roles properly.
- Check that everyone understands their role. Give clarifications if needed. Give the participants about 5 minutes to discuss and decide their roles.
- Ask the groups to stop the discussion as soon as the time is over.
- Invite each group one by one to come and present their interview as a role play.

Notes for Facilitation

Facilitating Role Plays

Preparing for the activity
1. Carefully review the details of the scenario and the character descriptions.
2. Become familiar with the key issues being addressed in the scenario.
3. Study the provided material so that you are ready to address issues related to the situations depicted in the role plays.
4. Anticipate potential questions that might be raised by the participants and be ready to address them.

Conducting the activity
1. Introduce the activity. Emphasize that role playing provides participants with an opportunity to apply their new knowledge, skills, and tools in situations that simulate actual interactions with customers.
2. Ask participants to form pairs. Direct the members of each group to choose who will play the roles. Remind the groups that each participant should be given the opportunity to play/practice the different roles.
3. Conduct a demonstration so that participants become familiar with the expectations related to the roles and support materials.
4. To maintain spontaneity of the interactions during the role play, ask the participants not to discuss the details of their roles prior to the role play.
5. Give the pairs 15-20 minutes to conduct the role play.
6. Circulate among the groups to answer any questions that may arise and provide guidance as needed.
7. After all the pairs have finished with the role play, conduct a de-briefing session on each role play.
8. Ask the groups to take five minutes to talk about what happened during the role play. The groups should discuss the questions given in the de-briefing for each role play. Encourage participants to provide constructive criticism during their discussions.
9. Conclude the activity by asking participants to think about whether and how they might use scripted role plays in their real life.

Summarize

- Wrap the unit up after summarizing the key points and answering questions.

- At the end of 10 minutes, the team should present their case solution to the class.
Case Study Analysis

Raju runs a business of wooden furniture. He has a huge list of customers on Facebook and WhatsApp who give him orders regularly. Ankita is one of his old and regular customers. She placed an order for a new chester and TV cabinet via WhatsApp and requested Raju to send them as soon as possible. When the parcel reached Ankita through courier she found that chester was broken and the TV unit was chipped from the bottom. Ankita was heartbroken. It was a complete waste of money. She sent a message to Raju on WhatsApp, expressing her anger and disappointment. Raju might lose an old customer forever if he doesn't satisfy the customer. What should Raju do to retain his customer?

Scenario 2

Rajni runs a boutique shop. She sells suits and sarees. She is one of the most successful designer in her city. Rajni swears that all the clothes in her boutique have unique designs. Smita has to attend her cousin’s wedding; she goes to Rajni’s boutique to buy a saree. Rajni customized a saree for her and sent it over the courier. When Smita had a look at the saree she realised her two friends had the same design sarees. She sent a message to Rajni on WhatsApp, expressing her anger and disappointment. Did Rajni make a false promise? Were her designs copied? What could happen to Rajni’s image after this incident? What would you do if you were in Rajni’s place?

Scenario 3

Shama is a beautician who offers parlour services to ladies by making home visits. Recently, Shama got her name registered on an e-commerce website. Two days earlier, she got a message from Mrs Sushma. The appointment was fixed for next day, 11:00 am and the remuneration for the services was decided beforehand. When Shama reached there at 10:50 am, Mrs Sushma was not at home. When Shama called her, she asked her to wait for a while. Mrs Sushma reached home at 11:45 am. Meanwhile, Shama had to reschedule her next appointment. After availing Shama’s services, Mrs Sushma refused to pay the requisite amount and started finding faults in the services provided by her. Who was at fault in this scenario? What should you do in case the customer behaves unreasonably? What would you do if you were in Shama’s place?

Scenario 4

Shailender is the manager of a car showroom. He proactively takes part in all the transactions that happen in his showroom. Vinita wants to buy a new car. She has chosen a car from Shailender’s showroom. The salesperson has given her a very good discount and has also promised free service for one year. Vinita goes to the showroom and asks to complete all the formalities to purchase the car. When she sees the final bill she realize that she has not received the promised discount neither was there any mention of the free services. She immediately demands to see the Shailender. When Shailender’s head asks how much discount Vinita was promised, he realised the discount will make the sale in loss. The car showroom owner might lose a customer and deal due to false commitments made by his manager. Besides, the customer might tell this to other people, creating a bad name and image for the showroom. If you owned that showroom, how would you have convinced your customer?

Say

- Now, let’s discuss the problem and solution with the class.
- The group will first briefly describe the case to the class.
- Then discuss the issue identified and the proposed solution.
- Present the solution as a role play.
- Post presentation, the other groups may ask questions from the group that has presented.
Case Study Analysis

Raju runs a business of wooden furniture. He has a huge list of customers on Facebook and WhatsApp who give him orders regularly. Ankita is one of his old and regular customers. She placed an order for a new chester and TV cabinet via WhatsApp and requested Raju to send them as soon as possible. When the parcel reached Ankita through courier she found that chester was broken and the TV unit was chipped from the bottom. Ankita was heartbroken. It was a complete waste of money. She sent a message to Raju on WhatsApp, expressing her anger and disappointment. Raju might lose an old customer forever if he doesn’t satisfy the customer. What should Raju do to retain his customer?

Scenario 2

Rajni runs a boutique shop. She sells suits and sarees. She is one of the most successful designer in her city. Rajni swears that all the clothes in her boutique have unique designs. Smita has to attend her cousin’s wedding; she goes to Rajni’s boutique to buy a saree. Smita wanted a unique designer saree. Rajni customized a saree for her and sent it over the courier. When Smita had a look at the saree she realised her two friends had the same design sarees. She sent a message to Rajni on WhatsApp, expressing her anger and disappointment. Did Rajni make a false promise? Were her designs copied? What could happen to Rajni’s image after this incident? What would you do if you were in Rajni’s place?

Scenario 3

Shama is a beautician who offers parlour services to ladies by making home visits. Recently, Shama got her name registered on an e-commerce website. Two days earlier, she got a message from Mrs Sushma. The appointment was fixed for next day, 11:00 am and the remuneration for the services was decided beforehand. When Shama reached there at 10:50 am, Mrs Sushma was not at home. When Shama called her, she asked her to wait for a while. Mrs Sushma reached home at 11:45 am. Meanwhile, Shama had to reschedule her next appointment. After availing Shama’s services, Mrs Sushma refused to pay the requisite amount and started finding faults in the services provided by her. Who was at fault in this scenario? What should you do in case the customer behaves unreasonably? What would you do if you were in Shama’s place?

Scenario 4

Shailender is the manager of a car showroom. He proactively takes part in all the transactions that happen in his showroom. Vinita wants to buy a new car. She has chosen a car from Shailender’s showroom. The salesperson has given her a very good discount and has also promised free service for one year. Vinita goes to the showroom and asks to complete all the formalities to purchase the car. When she sees the final bill she realize that she has not received the promised discount neither was there any mention of the free services. She immediately demands to see the Shailender. When Shailender’s head asks how much discount Vinita was promised, he realised the discount will make the sale in loss. The car showroom owner might lose a customer and deal due to false commitments made by his manager. Besides, the customer might tell this to other people, creating a bad name and image for the showroom. If you owned that showroom, how would you have convinced your customer?

Team Activity

Say

• If your customers are happy with you they will give referrals which will help to grow your business.
• One more way of growing business is ‘Networking’.

Writing a business Plan
- This is a group activity.
- Give the groups the required resources such as chart paper and markers.
- This activity is divided into two parts:
  1. Create a business idea
  2. Develop a business plan
- The group will discuss and come up with a new business idea and present their idea to the class.
- In the second part of the activity the group will develop a business plan for the business idea.
- The business plan prepared will be presented by the groups to the class.

Teams will need to brainstorm for this part of the activity.
Use the blank papers for the second part of this activity.
Make your business plan on a chart paper based on the following parameters:
  1. Executive Summary
  2. Business Description
  3. Market Analysis
  4. Organization and Management
  5. Service or Product Line
  6. Marketing and Sales

Explain each parameter in detail as done in the Participant Handbook.
Discuss each parameter with the business idea examples of the groups.
Groups will discuss and develop the business plan for their business idea.
Do

• Congratulate each group for sharing their points.
• Ask the audience to applaud for them.
• Keep a check on time. Tell group to wind up the discussion quickly if they go beyond the given time limit.

Say

UNIT 7.6.5: Procedures and Formalities for Bank Finance

Unit Objectives

At the end of this unit, participants will be able to:

• Describe the procedure and formalities for applying for bank finance

Resources to be Used

• Participant Handbook
• Bank loan/finance form sample

Ask

• While preparing a business plan in the last session, we discussed financial planning to arrange financial resources for your start-up. Therefore, how will you collect funds to start your business?

Say

• While most entrepreneurs think 'product' is the most difficult thing to decide for a business, start-up capital poses an even a bigger obstacle. Though there are various ways of funding the business, to convince investors to invest money is the most challenging.

• Some of the funding options available in India are:
  • **Bootstrapping:** Also called self-financing is the easiest way of financing
  • **Crowd funding:** Funds are collected by consumers pre-ordering or donating for starting the business.
  • **Angel investors:** Individual or group of investors investing in the company
  • **Venture capitalists:** Venture capitals are professionally managed funds who invest in companies that have huge potential. They usually invest in a business against equity.
  • **Bank loans:** The most popular method in India.
  • **Microfinance Providers or NBFCs**
  • **Government programmes**

• Let us know discuss the most popular method i.e. bank finance in detail here.

Do

• Discuss the list of documents that are required to apply for a loan like letter of introduction, business brochure, references of other banks, and financial statements.
• Explain the details to be filled in a loan application form.
• Divide the class into groups. Give each group a loan application form.
• Ask the groups to discuss and fill the form.

Summarize

• Close the discussion by summarizing the important documents needed for bank loan.
• Ask the participants if they have any questions related to what they have talked about so far.
Notes for Facilitation

- Checklist of documents is provided as resources for the session.
- You can make some copies and distribute it during the group activity.
- Download sample loan application forms from any nationalised bank's website. Print sufficient copies to circulate it amongst the groups.

UNIT 7.6.6: Enterprise Management – An Overview: How to Manage Your Enterprise?

Unit Objectives
At the end of this unit, participants will be able to:
• Discuss how to manage their own enterprise

Resources to be Used
• Participant Handbook

Ask
• Having set-up a business, do you think it is possible to do everything on your own?
• Does one require trained persons for help?
• What does management mean?

Say
• Let’s have a look at this example:
  Kapil had a small business that was beginning to pick up pace. He wanted to expand his business, and therefore employed few more people. One day, as he was walking past Ramesh, one of his new employees, he overheard Ramesh talking rudely to a customer on the phone. This set him thinking. Kapil realised that he should have regular team meetings to motivate his employees and speak with them about any problems they might be facing during work. He should also conduct training sessions on new practices, soft skills, and technology, and develop work ethics manual for managing his enterprise.

Say
• Was Kapil correct in his approach or he should have scolded Ramesh instantly in front of his other employees?
• Discuss “Enterprise Management – An Overview” with the participants as given in the Participant Handbook.

Say
• Let’s learn how to effectively manage an enterprise or business through an activity.

Team Activity
Enterprise Management
• This is a group activity.
• Design a matrix listing the topics and key words that are needed to run an enterprise effectively and smoothly.

Activity De-brief
• Have each group present their matrix.
• Encourage participants of the other groups to ask question about each other’s presentation.
**Do**

- Instruct the participants that this is group work.
- Divide the class into small groups of 4.
- Give each group a chart paper and coloured pen.
- Tell the participants that they have make a matrix they need to fill.
- They have to write the main topics and key words that will them effectively manage their enterprise.
- Give the participants 15 minutes to discuss and write.
- Keep a check on time. Tell the group to wind up quickly if they go beyond the given time limit.

**Summarize**

- Ask the participants what they have learned from this exercise/activity.
- Ask if they have any questions related to what they have talked about so far.
- Close the discussion by summarizing the importance of effective management to run an enterprise as given in the Participant Handbook.
UNIT 7.6.7: 20 Questions to Ask Yourself before Considering Entrepreneurship

Unit Objectives
At the end of this unit, participants will be able to:
• List the important questions that every entrepreneur should ask before starting an enterprise

Resources to be Used
• Participant Handbook
• Blank sheets of paper
• Pens

Ask
• Why do you want to become an entrepreneur?

Say
• It is very important to know why you want to become an entrepreneur. Your personal goals for becoming an entrepreneur play a key role in the success of your business. Your goals should be clear well before you start your business.
• Apart from the goals, the other aspects of business that you need to bear in mind are the potential problems that you may face to set-up, your areas of interest, and all the other dimensions of the business.
• Let’s understand it better with the help of some questions that every entrepreneur should ask before starting their own business.
• Open the Participant Handbook section named ‘20 Questions to Ask Yourself Before Considering Entrepreneurship’. You have to answer the questions individually.
• Then, we will have a class discussion on all the questions.

Do
• Read out the questions one by one in front of all the participants.
• Participants have to answer all the one by one questions.
• Give the class 10-15 minutes to note down their answers.
• At the end of 15 minutes, open the discussion for all the questions.
• Moderate the discussion by focusing on the relevant points.
• Keep a check on time and don’t let the discussion get sabotaged or lose track of time. Ensure all the questions are covered and discussed.

Summarize
• Ask the participants what they have learned from this exercise/activity.
• Ask if they have any questions related to what they have talked about so far.

**CRITERIA FOR ASSESSMENT OF TRAINEES**

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.

2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.

3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).

4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on this criteria.

5. To pass the Qualification Pack, every trainee should score a minimum of 70% in every NOS.

6. In case of successfully passing only certain number of NOS’s, the trainee is eligible to take subsequent assessment on the balance NOS’s to pass the Qualification Pack.

### 3. FIC/N0111 (Produce jam, jelly and ketchup)

| PC1. Receive fruits and vegetables (tomato) from the supplier/vendor, check its weight and check the quality of fruits and vegetables through physical parameters such as appearance, colour, texture, maturity, etc. |
|---|---|---|
| PC2. Open valves or start pump to fill water in the washing tank and control water level, dump fruits and vegetables in the washing tank for washing |
| PC3. Switch on agitator of revolving screens/blades to immerse fruits and vegetables in water to remove dirt, soil and other impurities |
| PC4. Start the ladder conveyor to lift fruits and vegetables from the washing tank and transfer to the washing line conveyor |
| PC5. Open valves of the high pressure spraying system for fresh water and adjust pressure to spray water on fruits and vegetables on washing line conveyor for rinsing |
| PC6. Adjust controls to transfer washed fruit and vegetables to sorting/inspecting line, start and adjust speed of sorting/inspecting line conveyor to visually inspect and manually remove damaged, blemished and rotten fruits and vegetables |
| PC7. Dump sorted fruits and vegetables in the peeler or corer (depending on the type of fruits), start machine, adjust speed to remove the peel or core of fruits or turn valves to introduce steam and adjust controls to maintain pressure for steam peeling fruits |
| PC8. Open valve or pump water or open spraying system to wash the peeled fruits and vegetables, observe fruits and vegetables |
