### NSDC Highlights

**1.**

NSDC has been endorsed by the Indian National Commission for Cooperation with UNESCO as a member of the UNEVOC network. The UNESCO-UNEVOC International Centre located in Bonn, Germany is one of seven UNESCO institutes working towards education. Its goal is to improve Technical and Vocational Education and Training (TVET) systems within the member states through knowledge development, sharing and capacity building.

**2.**

NSDC has partnered with Tata Consultancy Services (TCS), a leading global IT services, consulting, and business solutions organisation, to leverage the learning and assessment platform of TCS iON to accelerate and scale up skilling initiatives. The digital technology, iON will bring ‘Phygital’ (Physical Assets integrated with Digital platforms) delivery model and its large partner ecosystem to the engagement.

**3.**

NSDC has collaborated with deAsra Foundation, a not-for-profit organisation, for capacitating its network of training partners. The collaboration would help in establishment of ‘Entrepreneurship Support Program’ intended to equip placement cells of training providers with self-employment/entrepreneurial assistance for the skilled candidates. deAsra would facilitate training of trainers called ‘Udyog Mitras’, who would handhold the trainees to explore new avenues and avail loans for self-employment.
NSDC’s Training Centre Visit Application (TCV App) is a workflow based in-house application, accessible through web as well as mobile, being used for monitoring of training centers under the fee-based program. It can be pre-populated with details of centres to be visited. The visitor then uses the App to validate information captured during centre visits, to share detailed feedback with training partner and to rate the visited training centre basis defined parameters.

Key Features:

- Offline Mobile Application
- Web and Mobile Interface
- Geo-Tagged Photographs
- Planning and Real-Time Tracking of Centre Visits
- Reporting and Tracking of Gaps and Anomalies Identified
- Custom Reports and Dashboard

A glimpse of the Training Centre Visit Application
INTERNATIONAL COLLABORATIONS

1. NSDC has partnered with Singapore Polytechnic (SP) and Temasek Foundation International for a Technical and Vocational Education and Training (TVET) program with an aim to build capabilities of education leaders and specialists who will establish and manage state-of-the-art trainer and assessor academies across India. Under the program, a leadership team of SSCs and training organisations from India visited Singapore to study the current structures and systems.

2. NSDC signed a Memorandum of Understanding with Czech Aviation Training Centre (CATC) to establish skill academies in private universities and offer aviation related courses for aspiring candidates. The agreement will facilitate short-term courses and Diploma/Degree programs in aviation sector for both service and maintenance segment in a phased manner at universities recommended by NSDC.

3. The Singapore e-Government Leadership Centre (eGL) at the National University of Singapore’s Institute of Systems Science (NUS-ISS) and NSDC have come together to develop and implement skill development programs across emerging technology areas like Data Analytics, Artificial Intelligence and Robotics. The two parties signed the MoU during Hon’ble Prime Minister Narendra Modi’s visit to Singapore from 31st May to 2nd June 2018.
The Ambassador of Japan to India, H.E. Mr. Kenji Hiramatsu met the first batch of Technical Intern Training Program (TITP) candidates trained by Confederation of Indian Industry (CII) at its Chennai centre. The Ambassador encouraged the trainees to become a key player in further strengthening Japan-India relationship and wished them all the best.

Further strengthening the MoU signed during the visit of Shri Narendra Modi, Hon'ble Prime Minister of India to UAE in February 2018 to address the requirement of trained manpower in UAE; Shri Dharmendra Pradhan, Minister for Petroleum & Natural Gas and Minister for Skill Development and Entrepreneurship met H.E. Nasser bin Thani Al Hamli, Minister of Human Resources and Emiratisation, Government of UAE to discuss skill harmonization and development of flagships programs.

NSDC is implementing the National Apprenticeship Promotion Scheme (NAPS) for the Government under the overall umbrella of the amended Apprenticeship Act, which encourages the industry to develop its own apprenticeship programs specific to their [sectoral] requirements. NAPS aims to provide opportunities to candidates who have been certified under the Short Term Training courses (or even fresh candidates), to get on-the-job exposure in a live work environment, earn while they learn and become job ready.

To provide an efficient, technology enabled interface for engaging the industry, apprentices and other stakeholders, a new portal http://apprenticeshipindia.org/ has been developed in partnership with IBM, the NAPS payment gateway (for reimbursement of stipend subsidy to establishments) is being designed with inputs from industries and SSCs. Several improvements are brought in the already approved NSQF aligned courses in consultation with the SSCs.
Training of 60 Manual Scavengers in the sewing machine operator job role is presently underway in Amroha. The objective of the program is to provide recognition, respect and skills to the candidates. A special ‘creche’ facility for the women trainees’ children is also provided by the training partner - Inosculation Hub Private Limited to encourage women candidates’ participation in the training program.

A draft Functional Literacy Module developed jointly by Directorate of Adult Education and NSDC was tested in the field with manual scavenger trainings in Amroha. The second testing of the module was carried out in Madanpur Khadar, Delhi.

NSDC has signed an agreement with Oil and Natural Gas Corporation Limited to carry out a Needs Assessment and Baseline Survey in Mangalajodi village, Odisha. This study will be taken as a base for developing a holistic skill development plan for the state.

Ministry of Skill Development and Entrepreneurship [MSDE] envisages establishing 600 Pradhan Mantri Kaushal Kendras (PMKK) across the country by end of financial year 2018-19. To achieve this target, three rounds of proposal invitations and evaluation processes have been completed and allocations have been made for setting up 561 PMKKs across 27 states and 3 union territories covering 505 districts and 427 parliamentary constituencies, to 44 training providers.

Out of the 561 allocated PMKKs, locations have been finalised for establishing 515 PMKKs, of which 458 PMKKs have been established and work is under progress for setting up 57 PMKKs at remaining districts. Under the PMKVY scheme, target to train over 7 lakh candidates have been allocated to 430 PMKKs out of which approximately 4 lakh students have been enrolled and training has been imparted to over 3.5 lakh students.

Total loan commitment for PMKKs allocated stands at Rs 223.33 crores, of which Rs 164.34 crores has been disbursed and Rs 3 crores is under process.
To make a significant impact upon the lives of vulnerable children in conflict with law, street children and children in need of care and protection in Uttar Pradesh, NSDC, Department of Home, Government of UP and The Department of Women and Child Development, Government of UP signed a tripartite Memorandum of Understanding to collaborate for creating and implementing various skill development programs for up to 11,000 disadvantaged children in the state of Uttar Pradesh.

Digilocker, a new initiative, has been introduced in PMKVY. It’s a key development under Digital India, for issuance and verification of documents and certificates digitally, thus eliminating the use of physical documents. The integration between NSDC, SDMS and Digilocker has been operationalised and the certified candidates under PMKVY 2016-2020 can download their ‘Skill Certificates’ directly from Digilocker using mobile app or web portal.

NSDC has tied up with New India Assurance (NIA) to provide insurance facility to certified candidates under PMKVY. The insurance benefits include death and permanent disability coverage for a period up to 3 years with the sum insured per candidate being Rs 2 lakh. An online interface has been developed and operationalised between NIA and SDMS wherein the master policy number is being generated online and printed on the Skill Certificate. Since its launch on 3rd May 2018, approximately 4.17 lakh candidates have been extended insurance coverage.
**RECOGNITION OF PRIOR LEARNING (RPL)**

A new project type, **RPL with Best in Class Employers** has been approved for implementation of the program under PMKVY. It aims to enhance the industry acceptability of RPL certification and extend the outreach of the scheme directly to the reputed employers across various sectors. It focuses on bringing direct engagement with the best-in-class and reputed employers.

To begin with, a target allocation of more than **29 lakh candidates** has been made across 28 sectors with more than 580 participating employers. Some of the participating sectors include apparel, construction, retail, leather, hydrocarbon, media, tourism and hospitality, beauty and wellness, rubber, etc.

**SPECIAL PROJECTS**

A PMKVY special project with **Muthoot Fincorp Limited** (project implementing agency) has been launched, that aims to train graduate youth aged between 21 and 30 years as Loan Approval Officers. Working closely with Banking, Financial Services and Insurance Sector Skill Council (BFSI), Muthoot Fincorp targets to train over 10,000 people across 18 locations over the next 3 years and make them job ready. Post completion of the training, Muthoot plans to absorb all the certified candidates within its organisation.

Promoting inclusive growth across the country, NSDC is targeting **tribal youth** (dropout, unemployed, economically weak). Its new project in Raigad district aims to provide them skill training and ensure a secure and sustainable livelihood. The proposed sectors have been selected after carefully studying the situation in the Raigad districts and is aimed at benefitting Katkari Primitive tribe and Thakur non-primitive tribe. The beneficiaries will be selected with the support of Vanvasi Kalyan Ashram which is working in the Raigad tribal districts for the last 40 years.

Agriculture is a key sector in Mizoram, engaging almost 60% of the state population. To promote agri-entrepreneurs in the state, **Mizoram Skill Development Society** has initiated trainings in ‘Aqua Culture Worker’ and ‘Mushroom Grower’ job role under PMKVY Special Projects component. A total of 420 candidates will undergo trainings in these job roles at Pachhunga University College (PUC), Aizawl.
Indian Oil’s Bongaigaon Refinery has launched a skill development initiative at PMKK Chirang, to train 290 candidates in electronics sector. The project was inaugurated by Shri P. B. Choudhury, Cabinet Minister, Government of Assam.

GE Power supported skilling of 500 women across Gulbarga and Vadodara under three sectors – Agriculture, Apparel and Healthcare. The most significant outcome of the project was 97% certification rate and 81% placement success.

Ingersoll Rand’s contribution through CSR to train 245 candidates in Delhi, NCR region in Automotive Sector had successful implementation which focused on 30% women participation. 73.4% placement has been achieved under the program.

National Hydroelectric Power Corporation (NHPC) trained 2,500 candidates across 11 locations in eight sectors. The 15 courses offered, witnessed 55% female participation and resulted in 79% placement among the trainees.

"With a secure future for my two children, I also wanted to break the stereotype associated with such professions, hence joined this course" said Arti Verma, the only woman candidate in a batch of Handset Repair Engineer. The successful completion of training of 210 beneficiaries under Powerlinks Transmission Limited’s CSR initiative resulted in 43% of beneficiaries going for self-employment out of the overall 71% placements achieved, with 100% assessment and certification rate.
SBI Card, in partnership with NSDC and National Skill Development Fund, formally launched their second skill development project in the national capital region dedicated to train 100 Solar PV installers. Post the training, the candidates are expected to be placed in organisations such as Kingson Solar, RITZ Enterprise, SRS Global, Solar Universe India and Ultimate Sun. Earlier this year, SBI Card had signed an MoU with NSDC to train 1,000 candidates in sectors such as BFSI, Retail and Green Jobs. 70% of the candidates have been successfully placed in Delhi-NCR.

Launch of the Training Project by SBI Card

For the first time, 22 States and Union Territories have partnered with NSDC to organise district and state level competitions, mobilising more than 50,000 competitors from over 500 districts, competing in 45 skills. The winners of these state competitions are competing at four regional competitions at Jaipur (West), Lucknow (North), Bengaluru (South) and Odisha (East). The winners from the regionals will compete at the National Competition in New Delhi and would get an opportunity to represent India at the World Skills International Competition 2019 to be held in Kazan, Russia.
NSDC has chosen Mettl, an online assessment agency as its Innovation Partner to drive innovation in skill development via online talent measurement solutions. It provides content across psychometric assessments, aptitude tests and IT/Non-IT domain tests, along with a SaaS platform to conduct secure online assessments. These technology solutions will help reduce costs because of fewer logistics hassles and improve assessment quality by preventing malpractices in remote assessments.

Dash Skill Edutrain, with a wide network in Rajasthan, Uttar Pradesh and parts of Uttrakhand, provided sewing machines to women entrepreneurs to start household level economic activity from tailoring and cutting to enhance self and wage employment.

Shri Sunder Sham Arora, Hon'ble Minister for Commerce & Industry, Government of Punjab visited UDAY SKILL's [AVTEG Private Limited] multi skill development centre in Hoshiarpur, Punjab and presented job offer letters and certificates to its trainees.

Empower Pragati has been providing skill training to war widows, army wives, and other women at Army Skill Training Centres (ASTC) at various locations. With 8 training centres operational across Bathinda, Pune, Jodhpur, Mamun and Jaipur, 1,256 women have enrolled while 621 have been certified under different job roles namely Assistant Beauty Therapist, Self Employed Tailor, Sewing Machine Operator and Domestic Data Entry Operator.
Centum Learning has launched a Technology Enabled Smart Learning Platform called ‘Centum LearnPro’ that delivers on-demand, anytime, anywhere access to comprehensive learning modules for skilling. This has helped the organisation to make the learning experience interesting and engaging for students via a mobile-app. Analyses denote that the candidates are very excited to work on their smartphone even if they don’t know how to access mails online.

On the occasion of International Domestic Workers Day on 16 June 2018, Domestic Workers Sector Skill Council (DWSSC) organised a pathbreaking India Book of Records attempt in which over 1,000 domestic workers were trained to fold shirts in the proper manner at 14 different locations in India viz Delhi, Haryana, Madhya Pradesh, Rajasthan, Uttar Pradesh and Uttrakhand. The mega attempt was inaugurated by Mr. Amod Kanth, Chairman of DWSSC.

Skill Council for Green Jobs launched first series of training programs for 180 SBI officers in Gurugram and Hyderabad. Realising the need to create a pool of skilled Grid Connected Rooftop Solar PV Project, Proposal Specification a ‘Two Day Training Program’ on the subject has been designed. This is expected to mobilise finance for Solar Rooftop projects and facilitate the Government of India in achieving its target of 40 Gigawatts (GW) of Solar Rooftop by 2022, as a part of its wider goal of 100 GW under the Jawaharlal Nehru National Solar Mission.
Considering the need for greater inclusiveness for the Transgender community, skilling them in the Beauty & Wellness courses has been identified as the best step forward to make them self-reliant and self-wage-employed thus, enhancing their economic status and self-confidence. Keeping this vision in mind, Beauty & Wellness SSC connected with non-profit organisations such as Kolkata Rishita and Amitie Trust; rights activist and other stakeholders to engage with the transgender community.

Textile Sector Council organised an interactive session on digital marketing by Amazon for RPL certified handloom weavers in Telangana. Attended by nearly 600 weavers, the session aimed at educating the artisans on digital learning, e-commerce activities and equipping them to sell their products online.

Rubber Skill Development Council (RSDC) and Haryana State Industrial and Infrastructure Development Corporation Ltd (HSIDC) have collaborated to provide skill training to nearly 10,000 candidates across various job roles aligned with QP-NOS developed by RSDC. The collaboration also enjoins development of the rubber sector in the identified 139 villages in Haryana through skill training programs.

SBZ Polytechnic, an accredited training partner of Infrastructure Equipment Skill Council, having its facility at Barshi, a backward area in District Solapur, Maharashtra has been successfully conducting Operator Courses on the popular Backhoe Loader Machines. Till date, close to 400 candidates have been trained and certified, most of whom have subsequently been employed across the state.
Ashirvad Plumbing School set up by Ashirvad Pipes in collaboration with Indian Plumbing Skills Council (IPSC) in Bengaluru is a state-of-the-art building, equipped with all modern tools and facilities. Slated to be an iconic centre for plumbing, it conducted assessment and certification of 38 plumbing candidates in the first week of June.

SCC NASSCOM along with Tamil Nadu Government and Kalasalingam University organised a job mela for physically challenged students studying at Kalasalingam University, Madurai. 39 IT and ITeS organisations participated and 208 candidates were shortlisted during the employment drive.

Logistics sector is grappling with lack of skilled manpower. Taking cognizance of this, Logistics Sector Council launched the Apprenticeship Training Program in optional trades under the National Apprenticeship Promotion Scheme (NAPS). This has been done for the first time in the country and 37 trades, covering 12 subsectors of Logistics are available for the industry to take up.

An online job portal FFSC-MeraHunar and mobile app has been launched by Furniture & Fittings Sector Council (FFSC). The portal will connect skilled job seekers and employers of furniture & fittings trade. Apart from providing employment, the job portal will help FFSC in mapping demand from the industry on a regular basis and aims to bridge the gap of demand and supply of skilled manpower.
**COMMUNICATION & ADVOCACY**

**World Environment Day**

NSDC conveys appreciation to all training partners and associates who joined the Save Environment Drive to ensure a greener and sustainable future.

![Glimpses of plantation drive at training centres across India](image)

India’s most loved storyteller, Neelesh Misra will bring Kaushal Kahaniya from across the country in a new Radio Show called, Desh: In Haatho Ban Raha Bharat. Tune in to 98.3 FM [Radio Mirchi] every Wednesday at 8:45 pm to hear the gripping tales of the Indian youth, who are destined to transform their fortune.

**International Yoga Day**

The family of NSDC came together on 21st June to celebrate International Yoga Day in their respective vicinity. Training partners along with delegates from Ministry of Skill Development and Entrepreneurship and Sector Skill Councils held yoga workshops to highlight the importance of yoga in our day-to-day life.

![Glimpses of International Yoga Day celebrated across centres](image)
1. "For mapping skill gap", NSDC engaged a third-party research agency which conducted a district-level skill gap study and prepared a state level skill action plan for the 13 districts of Uttarakhand. The objective was to provide specific actionable recommendations that can be implemented in the short-term to medium-term in the state. Surveys in every district helped to identify key challenges and opportunities within a localized context. The final report of the study is underway.

2. IRCTC, a Public-Sector Enterprise under Ministry of Railways has made NSQF aligned job role one of the mandatory component in their tender for any catering staff managed by Licensee. Few tenders have already been floated to prospective bidders [Empaneled Mobile Catering Licensees]. All the job roles are from Tourism & Hospitality and covers F&B service Staff, Cooks & Supervisors.

3. Colleges under University of Delhi are offering six skill-based undergraduate courses, which gives students the flexibility to opt out after completing first or the second year with diploma and advance diploma degrees respectively. The Bachelor of Vocational Degree (B Voc) program has been developed by the University Grants Commission (UGC) as per the NSQF formulated by NSDC, emphasizing skill-based education. Additionally, there are 64 DDU Kaushal Kendras at various universities/colleges, sanctioned by UGC, which are offering Master of Vocational (MVOC), a master’s program at NSQF Level 8 & 9.

4. Skilling in Life Sciences (a high priority manufacturing sector) is a capital-intensive proposition. To overcome the cost factor and other constraints on skilling, especially for manufacturing job roles, Life Science Sector Skill Development Council has developed GMP driven and SOP based manufacturing machine simulations for all the manufacturing domains. The simulation so developed with the help of LSSSDDC’s technology partner Simulanis and industry partners, is first of its kind in India. With the introduction of this solution, the skill centre infrastructure cost has been lowered to a fraction (nearly one eightieth).

Simulations developed by LSSSDDC, Simulanis and Industry partners
AQSH Job Skills Academy is focused on empowering India’s high school-aged youth to exceed their potential; in the classroom, in the workforce, and beyond. It delivers learning through a student-centric approach. This means that the student is actively engaged and takes charge of his or her own learning. A keystone of AQSH’s long-term approach to youth development is its On-the-Job-Training (OJT) program. Students in classes XI and XII are given the opportunity to work at reputable companies that complement what they learn in school and reinforce the practical competencies they develop in their vocational skills classes. AQSH’s OJT program is about putting learning into action and enabling students to hone valuable life skills - the benefits of which transcend the students themselves, lifting families and entire communities as well.

One such beneficiary is Santosh, a student of class XII at Peeragarhi Village Boys’ School, Delhi. He had the opportunity to complete an OJT placement at Adroit Financial Services Pvt. Ltd. past summer. There, he put what he learned in his Financial Markets Management vocational skills classes into action. Adroit gave Santosh the opportunity to get hands-on engagement with the NSE and BSE markets, the nifty fifty, the capital markets and equities and how they function on a day-to-day basis. He can now give directions to a broker about what price to purchase a stock at. He can construct a portfolio and explain how all different types of investments work to existing and prospective clients, his peers, and his parents. He not only has the knowledge, but also the confidence and support to communicate this knowledge effectively. He is really enjoying his placement. When he grows up, Santosh hopes to pursue a career in finance, or to become a chef! He is excited to apply what he has learned in his OJT experience to any path he may take. Like in trading, focus and working quickly under pressure are skills of successful chefs. In finance, cuisine, and beyond, skills like quick decision-making, teamwork, time management, and effective communication will serve Santosh and over 34,000 students engaged in AQSH’s programs well.
NSDC, under the guidance of MSDE, organised Odisha Skill Conclave to define a roadmap to develop Odisha as a hub for skill development and entrepreneurship in India. Shri Dharmendra Pradhan, Minister of Petroleum and Natural Gas and Minister of Skill Development and Entrepreneurship chaired the two-day conclave at Centurion University, which saw a gathering of more than 100 experts, think tanks, industry veterans, academicians and professionals from skill ecosystem to deliberate on challenges and opportunities for skill development in the state.

Skill India organised Ajeetika and Kaushal Vikas Melas in more than 150 blocks across the country. Celebrating the spirit of new India, Ministry of Skill Development and Entrepreneurship (MSDE) and Ministry of Rural Development (MoRD), joined hands to amplify the “Gram Swaraj Abhiyaan” of the current incumbent government which is promoting social harmony and awareness around the pro-poor initiatives of the government. On this occasion, 29 state-of-the-art multi-skill Pradhan Mantri Kaushal Kendra were launched digitally across the country.

To offer enhanced support to State Skill Development Missions, NSDC, in collaboration with MSDE, organised a Seminar in New Delhi. The seminar, chaired by Secretary, Ministry of Skill Development and Entrepreneurship witnessed the attendance of Principal Secretaries of the State Governments and Mission Directors/CEOs from SSDMs of over 30 States and UTs.
1. विज्ञापन के जरिये कौशल प्रमाण—पत्र

प्राधान्य कौशल विकास योजना के तहत प्रमाणपत्र जारी करने का काम अब 'विज्ञापन के माध्यम से और असाइन हो गया है। 'विज्ञापन को विज्ञापन इंडिया के तहत, प्राधान्य कौशल विकास योजना से जोड़ दिया गया है। इस सुविधा के आगे से सबसे अधिक लाभ उम्मीदवार को होगा। अब कोई भी उम्मीदवार वहाँ वह कहीं भी हो, अपना कौशल प्रमाणपत्र सीधे 'विज्ञापन के माध्यम से प्राप्त कर सकता है। इसके लिए उनकी सारी विज्ञापन आवश्यकता आवश्यक नहीं है। इस सुविधा को संबंध बनाने के लिए राष्ट्रीय कौशल विकास निगम, कौशल विकास प्रभाव व्यवस्था (राष्ट्रीयएसएसएस) और विज्ञापन को जोड़ा गया है। नई व्यवस्था के तहत अब प्राधान्य कौशल विकास योजना (2016–2020) के उम्मीदवार अपने मोबाइल या कम्प्यूटर के जरिये अपना प्रमाणपत्र प्राप्त कर सकते हैं।
