QRC Process Flow

Step 1

QRC Validation of QP Level and Format

What is the Process? QRC will check the appropriateness of level of QP as per Level Descriptors of NVQF. Additionally the QRC will check if the OS submitted follows NOS Format and Nomenclature Protocols. Any observation will be mutually corrected between QRC and SSC.

When is it to be done? The process will start after the due diligence of NSDC is done on the draft OS

Who does it? QRC members

Process Owner: NSDC

Approving Body: QRC

Under Intimation: Proposing SSC

Step 2

Identification of similarity between existing NOS and the OS under QRC evaluation

What is the Process? This step is to look at the draft OS document and establish whether the OS is unique, or is similar to existing NOS. QRC will look at the inventory of existing NOS and establish whether the proposed OS is a variation of existing NOS, or a unique OS. If the draft OS is unique, QRC will recommend it as a new NOS. if it is similar to existing NOS, SSCs who are owners of both NOS will discuss and revert to QRC on a common format, integrating both versions.

If the SSCs feel that there is substantial variation in both, draft OS will be suitably amended to represent the variation. Post this process, proposing SSC will present the draft OS to a quorum along with Government nominees and seek a provisional approval.

When is it to be done? This step is to taken once QRC has done the check on the appropriateness of the QP as per level descriptors of NVQF

Who does it? QRC with support from relevant SSCs

Process Owner: QRC Chairperson

Approving Body: QRC quorum along with Govt. nominees

Step 3

Open for Review of General Public for a month

What is the Process? Post provisional approval of QRC, NSDC and proposing SSC will upload the draft OS and QPs on their websites for general public viewing for a month

When is it to be done? After getting provisional approval from QRC

Who does it?

NSDC on its website and proposing SSC on its website

Process Owner: NSDC and proposing SSC

Under Intimation: QRC

Step 4

Finalization and Registration of NOS with the National Body

What is the Process? Proposing SSC will take the public feedback and respond to them on acceptance or rejection of the suggestion under intimation to QRC and NSDC.

Post that, QRC will promulgate of the NOS and QP document and submit it to the NSDC for registration

When is it to be done? **SSC a**fter getting public feedback

Who does it? NSDC

Process Owner: NSDC

Approving Body: NSDC and QRC

Under Intimation: All SSCs
